APPROVED BY THE COUNCIL OF PUBLIC INSTRUCTION.

Entered according to Act of Parliament of Canada, in the
year One thousand eight hundred and ninety-five, by
THE BROTHERS OF THE SACRED HEART OF ARTHABASKA-
VILLE, P. Q., in the office of the Minister of Agriculture.

PREFACE

THE prominent positions which many of our graduates occupy in the different banks and firms in the Dominion have so convinced the patrons of the Arthabaskaville Commercial College that the course of studies pursued therein is a thoroughly practical one, that many have repeatedly asked us to publish a method of Book-Keeping. In complying with the request, we entertain the hope that our work will prove useful to those who, like ourselves, are engaged in the education of youth.

The method which we offer is the result of many years' labor in the class room. The different sets have been taught at the Arthabaskaville College, and we are certain that the method is graded, practical, and progressive.

In order to assist the pupil as much as possible, we have explained every transaction in the book. The explanations are short and clear, and within the comprehension of all. Difficult transactions, especially those involving Interest, Discount and Drafts, are explained at length, as will be seen by referring to sets III and IV.

The plan of the work will, we believe, commend itself. Every set is divided into two parts. In the first part the subjects introduced and the Journal entry of every transaction in the Day Book are explained. Our method is to have the pupil study these explanations, so that he, himself, will be able to give the reason why an item is debited or credited. Once the first part of the set is understood, the pupil is required to make the Practice Sets, and, as much as possible, to rely upon his own mental resources for the proper entries. As aids to test the correctness of his work, the Loss and Gain and Balance Accounts of the different Practice Sets are given.

The work is now presented to the students of our Commercial Colleges and Academies, and that it will aid them in their earnest efforts to acquire a thorough knowledge of the Science of keeping Accounts is the sincere wish of

THE AUTHORS.

COMMERCIAL COLLEGE OF THE SACRED HEART,
Arthabaskaville, P. Q., CANADA,
May 31, 1895.

DOUBLE ENTRY BOOK-KEEPING.

BOOK-KEEPING is the art of recording business transactions.

There are two distinct methods of recording business transactions: *Single Entry* and *Double Entry*.

In *Single Entry*, accounts are kept with persons only, and the Ledger entry consists of a debit or a credit.

In *Double Entry*, accounts are kept with persons and things, and every Ledger entry consists of a debit and a credit.

Accounts are of two (2) kinds: —Real and Imaginary.

Real Accounts are those which show a resource or a liability.

Imaginary Accounts are those which represent an allowance made to us or by us for Interest, Discount, Commission, Expense, Exchange, etc.

The principal books employed in Double Entry are the Day Book, the Journal, and the Ledger.

The DAY BOOK is the book of original entry. The transactions are recorded in this book in the order and at the time they occur.

The JOURNAL is a book in which the transactions recorded in the Day Book are so arranged as to facilitate their transfer to the Ledger.

The LEDGER is a book which contains under one heading all the sums belonging to the same account. Transferring the debits and credits from the Journal to the Ledger is called Posting.

BILLS AND ACCOUNTS.

A BILL is a written statement of goods sold, money paid, services rendered, etc., giving the place, date, names of parties, and the price, quantity, and cost of each item.

The FOOTING OF A BILL is the total amount of all the items. A bill is receipted when the person to whom it is due, or his agent, writes at the bottom of the bill "Received Payment," and signs his name.

A BILL OF PARCELS is a written statement of goods sold at one time.

A DUE BILL is a written acknowledgement of a debt.

AN ACCOUNT is a record of debits and credits. An account may have two sides, a debit and a credit; or only one side, a debit or a credit.

AN ACCOUNT CURRENT is a statement of the business transactions between two parties during a certain time.

THE BALANCE of an Account is the difference between the two sides of the Account.

AN ACCOUNT SALES is a written statement, rendered by an agent or consignee to the consignor, of the sales of goods consigned, the charges, and the net proceeds.

A RECEIPT is a written statement, signed by the giver of it, acknowledging that he has received a specified amount of goods, money, or other property.

RESOURCE AND LIABILITY.

A RESOURCE is value of any kind, or anything that will produce value. Cash on hand, Merchandise in store, Real Estate, Notes held by you against others, and debts due to you are resources for you.

A LIABILITY is a debt you owe. Your debts and the notes that others hold against you are liabilities for you.

CASH is a title to designate money.

MERCHANDISE is a title applied to all goods kept in store and dealt in as a business.

BILLS RECEIVABLE is a title for the notes and written obligations you hold against others.

BILLS PAYABLE is a title for the notes and written obligations held by others against you.

REAL ESTATE is immovable property, as land, houses, etc. PERSONAL PROPERTY is movable property,—as furniture, stock, money, etc.

DEBTOR AND CREDITOR.

DEBTOR signifies the person or thing that owes or costs value.

CREDITOR signifies the person or thing that gives or produces value.

ILLUSTRATIONS.

(1) If you sell Merchandise to me, and at the time of the sale I do not pay you it is evident that I cost you value in Merchandise, I owe you. In your account you will debit me; and as Merchandise produces value in my indebtedness, you will credit Merchandise.

(2) If you sell me Merchandise and I pay you, Merchandise produces value in cash, and is credited. The cash that you receive costs you value in Merchandise and is debited.

(3) If you sell Merchandise to me and receive my note in payment, Merchandise produces value in my note, and is credited. The note that you receive costs you value in Merchandise, and is debited.

(4) If you buy Merchandise of me on account, you owe me. In your account you will credit me; and as it is on account of Merchandise that you are indebted to me, you will debit Merchandise.

(5) If you buy Merchandise for cash, cash produces value in Merchandise, and is credited; Merchandise costs value in cash, and is debited.

(6) If you buy Merchandise on your note, your note produces value in Merchandise, and is credited; Merchandise costs you value in your note, and is debited.

By examining the foregoing illustrations, it will be seen that the receiver or the thing received is debited, and that the giver or the thing given is credited. Hence the following

GENERAL RULE FOR JOURNALIZING.

*Debit the receiver or the thing received
to
The giver or the thing given.*

In every Set of this book, rules for Journalizing are given. Every new subject introduced is accompanied by such full explanations, that the pupil will have very little difficulty to make the proper Journal entry. The explanations should be studied attentively, for a proficiency in Book-keeping depends upon a thorough knowledge of the principles of Journalizing.

DAY BOOK—(Set 1.)

AETHABASKA, Que., JANUARY 1, 1901.

Check every transaction as soon as you have journalized it.	1	STUDENT commenced business this day with the following resources:-- Cash Merchandise	4000 2500	6500
	2			
	1	Sold JAMES BROWN for cash, 25 lbs. Flour @ 86. 4 " Granulated Sugar, 800 lbs. @ 4½c.	150 36	186
	3

6 " Sugar @ 11.	66.		
Sundry articles valued at	1500.	2193	
Safe for office		175	

You are now supposed to have copied in your Day Book the foregoing transactions. The next step is to make the

Journal.

Rules for Journalizing will be given in the different sets. You must study these rules attentively, and remember that your proficiency in Book-keeping will depend upon a thorough acquaintance with the principles of Journalizing.

Stock.

Stock is the title of account usually employed to represent the person conducting a business. Whatever property a person invests in business must be made

Dr. To Stock.

Suppose you invest cash; your Journal entry will read

Cash Dr. To Stock.

Stock must be debited for all that you owe when you commence business. If, when you commence business, you owe John Brown, your Journal entry must read

Stock Dr. To John Brown.

Merchandise.

MERCHANDISE is Debited when bought, and Credited when it is sold.

Cash.

CASH is Debited when it is received.

Cash is Credited when it is paid out.

Expense.

EXPENSE account is debited for all expenses incurred in carrying on the business. Gas, fuel, clerk hire, rent, etc., are generally included under the title Expense.

Persons.

PERSONS are Debited when they get into our debt or when we get out of their debt.

Persons are Credited when we get into their debt, or when they get out of debt.

From the above rules it is easy to see that

The RECEIVER, or the THING RECEIVED, is Dr. to the GIVER, or the THING GIVEN.
and

What I RECEIVE is Dr. to what I GIVE.

With this preparation we will now make the Journal for January.

JOURNAL—(Set 1.)

ARTHABASKA, QUE., JANUARY 1, 1904.

✓	Cash	<i>Dr.</i>	\$4000	
✓	Merchandise		2500	
✓		<i>To Stock.</i>		6500

Cash and Mdse are indebted to you for their value. Stock (*yourself*) is credited for the value of the investment.

✓	Cash	<i>Dr.</i>	186	
✓		<i>To Merchandise.</i>		186

Cash is debited because it is received; Mdse is credited because it is sold, or given out.

Ask yourself the questions: "What have I received?" "What have I given?" and remember that what I receive is Dr. to what I give."

✓	W. H. SMITH.	<i>Dr.</i>	146 50	
✓		<i>To Merchandise.</i>		146 50

W. H. Smith is debited; Mdse is credited; therefore Goods you. Mdse is debited because it was given out.

✓	Merchandise	<i>Dr.</i>	480	
✓		<i>To Cash.</i>		480

Mdse is debited because it is bought; it is therefore Debited. Cash is credited because it is received.

✓	Merchandise	<i>Dr.</i>	1290	
✓		<i>To Thomas Walsh.</i>		1290

Mdse is debited because it was bought; Walsh is credited because he was not paid for the Mdse. Remember that:

The receiver or the thing received, is Dr. to the giver or the thing given.

Check every item immediately after posting it.

JOURNAL—(SET I.)
ARTHABASKA, Que., JANUARY 7, 1901.

CASH	<i>Dr.</i>	\$146 50	
	<i>To W. H. Smith.</i>		\$146 50
Cash is debited because it is received; W. H. Smith is credited because he pays his debt.			
----- 8 -----			
EXPENSE	<i>Dr.</i>	25	
	<i>To Cash.</i>		25
Expense is debited because it costs value; Cash is credited because it is paid out.			
----- 8 -----			
CASH	<i>Dr.</i>	1203 75	
	<i>To Merchandise.</i>		1203 75
See Ex. of January 2.			
----- 10 -----			
THOS. WALSH	<i>Dr.</i>	600	
	<i>To Cash</i>		600
When you bought Mdse from Thos. Walsh you did not pay him. In your books you made him Cr. for the value of the Mdse. Now that you pay him \$600, you must debit him for that sum. Cash is credited because it is paid out.			
----- 11 -----			
EXPENSE	<i>Dr.</i>	175	
	<i>To Cash.</i>		175
See Ex. of Jan. 8.			
----- 12 -----			
PERSONAL EXPENSES	<i>Dr.</i>	25	
	<i>To Cash.</i>		25
Whatever costs must be debited. These personal expenses cost you value, and must be debited. Cash, being paid out, is credited.			
----- 14 -----			
MARTIN & Co	<i>Dr.</i>	224 06	
	<i>To Mdse.</i>		224 06
See Jan. 3.			

JOURNAL - (SET I)

THE LEDGER.

The **LEDGER** is the most important of a set of Account Books. Its object is to collect under one head all the sums belonging to the same account. Transferring the debits and credits from the Journal to the Ledger is called **Posting**.

The method of making the Ledger will now be shown you. Follow these instructions attentively, and you will have no difficulty in learning this important part of the science of Book-keeping.

The first transaction in your Journal reads "Cash and Mdse Dr. to Stock. Open an account for Stock. In your Journal, Stock is Cr. \$6,500. On the Cr. side of Stock write "By sundries \$6,500." (*Sundries* means several). Check Journal.

Open an account for Merchandise. By referring to your Journal you will see that Merchandise is Dr. to Stock \$2,500. On the Dr. side of Merchandise write "To Stock \$2,500." Open next an account with Cash. In the Journal, Cash is Dr. to Stock \$4,000. In your Ledger on the Dr. side write "To Stock \$4,000." Check.

The next transaction in the Journal reads: Cash Dr. To Merchandise \$186. In the Cash account of your Ledger write on the Dr. side: "To Mdse. \$186." In the Merchandise account write: "By Cash \$186." Be faithful to check.

The entry for January 3 reads: W. H. Smith Dr. To Merchandise \$146.50. Open an account with W. H. Smith, and on the Dr. side write "To Mdse. \$146.50." On the Cr. side of the Merchandise account write "By W. H. Smith, \$146.50."

Continue in this way throughout the month, opening new accounts when necessary.

The small column before the Dollar column is for the page of the Journal.

	" Mdse (Inv.)	2193			
	" Expense (Inv.)	175			
	" T. Robinson	53 75			
		6904 41			6904 41

In making the Ledger you noticed that every item is entered into two accounts. In one account it is debited; in the other it is credited. The sum of the Dr. items must, therefore, equal the sum of the Cr. items. Having posted the transactions, you are now ready to make a

TRIAL BALANCE.

Add up the debit and credit side of each account, and place the amounts to the left of the dollar columns, with a pencil. Now rule a piece of paper, as shown in the example:

TRIAL BALANCE.

	AMOUNTS.				DIFFERENCES.			
	Dr.		Cr.		Dr.		Cr.	
Stock,			6500				6500	
Cash,	6988	68	2506		4482	66		
Merchandise,	4654		3042	41	1611	59		
W. H. Smith	146	50	146	50				
T. Walsh,	1290		1290					
Expense,	327				327			
Martin & Co.,	805	56	805	56				
T. Robinson,	132	60	78	85	53	75		
Personal Expenses,	25				25			
	14,369	32	14,369	32	6500	00	6500	

In the column marked Dr. place the amounts of the Dr. side of the Ledger opposite the title of the account. In the column marked Cr. place the amounts of the Cr. side opposite the title of the account. Find the differences between the amounts, and place these differences in the columns marked "Differences." Add up, and if the Dr. and Cr. footings are the same, you may presume that your work is correct.

But a Trial Balance does not prove that the work is absolutely correct, as errors may be made which will not change the equality of the Ledger, such as posting to the wrong account, errors in Journalizing, etc., etc. However, the equality of the footings of the Trial Balance is generally regarded as an evidence that the Ledger is correct.

Closing the Ledger.

The Trial Balance being made, we must now close the Ledger. Closing the Ledger is the transferring of the losses and gains from the accounts which show a loss or a gain to the Loss and Gain, and the balance of this account to the Stock Account; it also consists in transferring to a single account, called Balance Account, our Resources and Liabilities and Net Capital.

Open two new accounts in your Ledger, viz.: Balance Account and Loss and Gain.

On the Dr. side of your Balance Account, place your Resources, — Cash, Merchandise per Inventory, Expense per Inventory, etc. On the Cr. side place your Liabilities or sums that you owe.

The Loss and Gain, as the name implies, shows your losses and gains. On the Dr. side place your losses; on the Cr. side place your gains.

With your Trial Balance before you, we will make these accounts.

The first account in the Trial Balance is Stock; this account will be closed last.

The second account is Cash. The amount of cash received during the month is \$6988.66. The amount of cash paid out is \$2506, leaving a balance of cash on hand \$4482.66. Place this amount on the Dr. side of your Balance Account. Now turn to the Cash Account, and on the Credit side write in red ink **By Balance \$4482.66.** Draw a red line, bring down the amount of the debit and credit columns, and rule as shown in the Ledger.

MERCHANDISE.

The Merchandise per Inventory is \$2193. Place this amount on the Dr. side of your Balance Account. In the Merchandise Account on the Credit side write in red ink: **By Bal. per Inventory, \$2193.** The Dr. side of your Merchandise shows the cost; the Cr. side shows the sales. Add the sales and the Mdse. per Inv. If the amount is greater than the purchases, you have gained; if smaller, you have lost.

Sales,	\$3042.41
Mdse. per Inv.,	2193.
	<hr/>
	\$5235.41
Purchases,	4654
	<hr/>
	\$581.41 gain.

In your Loss and Gain, on the Cr. side, write **By Mdse. \$581.41.** Turn once more to the Merchandise Account, and on the Dr. side write in red ink **To Loss and Gain, \$581.41.** Add up both columns and rule as when you closed the Cash Account.

The Trial Balance shows that the accounts of W. H. Smith, Thomas Walsh, and Martin & Co. have been settled. These names, therefore, do not go into your Balance Account, since that account is made to show who owes us, or to whom we owe.

Thos. Robinson is Dr. \$132.60, and Cr. \$78.85; he owes, therefore, \$53.75. This debt is a resource for you. Consequently, on the Dr. side of your Balance Account write, "To Thomas Robinson, \$53.75"; and on the Cr. side of his account write in red ink, **"By Bal. \$53.75."** Add up, and rule.

Our next Account in the Trial Balance is "Expense." We see that it is Dr. \$327. Expense is a loss. But you did not lose \$327 during January. The safe you bought, for which you paid \$175, is still worth that sum. Debit the Balance Account "To Expense per Inv." On the Cr. side of Expense Account write in red ink: **By Bal. per Inv., \$175.** Your Expense Account now stands Dr. \$327, and Cr. \$175, thus showing a loss of \$152. Go to your Loss & Gain, and on the Dr. side write, "To Expense, \$152." In the Expense Account, on the Cr. side, write in red ink: **"By Loss and Gain, \$152."** Add, and rule.

Our next account is Personal Expenses. These expenses are, of course, a loss. On the Dr. side of Loss and Gain, write, "To Expense, \$25," and on the Cr. side of the "Personal Expenses" Account, write in red ink: **"By Loss and Gain, \$25."** Rule.

Your Loss & Gain now shows that you have gained on Merchandise \$581.41, and that you have lost by Expenses \$177; your net gain for the month is \$404.41. On the Dr. side of Loss & Gain, write in red ink, **"To Stock, 404.41."** Add up, and rule.

Stock must now be closed. On the Cr. side of Stock write "By Loss & Gain, \$104.41." Stock is now credited \$6904.41; this sum is your net capital.

On the Dr. side of Stock write in red ink, "To Bal. \$6904.41." Add, and rule. On the Cr. side of Balance Account write, "By Stock, \$6904.41." Add, and rule, and your Ledger is closed.

REMARKS.

In the Journal and Ledger, the title of your account is Stock. Instead of using this title, you may, if you prefer, use your name. The Journal entry will then read,
Sundries Dr. to Student.

CASH.

Cash is Dr. when received, and Cr. when given out. To understand this, you may suppose that the name of your safe is Cash.

When you put money into the safe, it owes you the amount; when you take out money, you owe it.

In other words:—

The receiver is Dr. to the giver.

MERCHANDISE.

Merchandise is Dr. when you buy it; it is Cr. when you dispose of it.

The Merchandise that you have on hand when you commence business must also be made Dr., for it has cost you.

SET FOR PRACTICE.

You have made your first month of Book-keeping. It is hoped that you have paid strict attention to the explanations given, and that you feel competent to make a month embracing the same peculiarities as the set in the text.

Throughout the book numerous

EXAMPLES FOR PRACTICE

will be given you. The explanations will assist you; but you should bear in mind that if you wish to make rapid progress you must, as much as possible, rely upon your reasoning powers.

In making the set now given you, copy the Day Book, find the amounts, and Journalize it. After having had your Journal examined by your teacher, make the Ledger and take a Trial Balance. If the Trial Balance is right, close your Ledger.

If your work is correct, your gain for the month will agree with the result given at the end.

MEMORANDA.

JANUARY 1.—Student commences business this day with the following Resources:—Merchandise, \$3600; Cash, \$3400. (2.) Sold John Brown, on account, 25 bbls. Flour @ \$7.50; 20 bbls. Potatoes @ \$2.50; 50 bushels Peas @ 90c. (3.) Bought of

Wm. Warren, on %, 370 bush. Oats @ 40c. (4.) Bought of Joseph Hill, on %, 15 bbls. Pork @ \$25; 18 bbls. Sugar, 3600 lbs. @ 6c. (5.) Paid cash for 6 tons of Coal, \$36. (7.) Sold Wm. Cook, on %, 370 bushels Oats @ 52c. (8.) Sold John Brown, on %, 8 bbls. Pork @ \$30; 7 bbls. Sugar, 1400 lbs. @ 8c. (9.) Paid Wm. Warren cash in full. (10.) Paid Joseph Hill cash on %, \$175. 11. Sold John Smith for cash, 7 bbls. Pork @ \$28; 2 sacks Rio Coffee, 280 lbs. @ 29c.; 10 bbls. Sugar, 2000 lbs. @ 8c. (12.) Sold John Brown, on %, 25 bbls. Potatoes @ \$2.75; 3 bbls. Pork @ \$30. (14.) 	11,863	62	11,863	62	7000	60	7000	

INVENTORY

The Merchandise unsold is estimated at \$3,400.

The safe is valued at \$150.

Your gain during the month must be \$385.88.

ERRORS IN TRIAL BALANCES.

If your Trial Balance does not prove right, the error or errors may generally be detected by one of the following ways :

1° Add again both sides of each account and see that all the footings^x are correctly carried into the Balance.

2° Find the difference out of equilibrium, and look for that difference or half of it through your Journal. If found, see that it was properly posted.

3° When the difference can be divided by 9, the error (if single) is generally a transposition of figures : \$78.50 for \$87.50, etc.

4° Review the posting, checking by a dot (.) in the Ledger all items duly posted.

Set II

DAY BOOK, JOURNAL, LEDGER.

PROMISSORY NOTES AND CHECKS

A Promissory Note is a written promise which one person makes to pay another a certain sum of money at the end of a specified time, or on demand.

A Promissory Note made in your favor by another person is for you a Bill Receivable.

A Promissory Note made by you in favor of another person is for you a Bill Payable.

BILLS RECEIVABLE.

A Bill Receivable is then a promissory note which you hold against another person.

The party may make a note in your favor, or he may indorse in your favor a note which he holds against a third person.

— FORM I. —

\$125⁰⁰/₁₀₀

Arthabaska, Feb. 3, 1904.

*Ten days after date, I promise to pay to
College Student, or bearer, One Hundred and Twentyfive
Dollars, at the College Bank, value received.*

John Mason.

— FORM II. —

175⁰⁰/₁₀₀

Arthabaska, Feb. 10, 1904.

*Three months after date, I promise to pay
to Joseph Smith or order, One Hundred and Seventyfive⁰⁰/₁₀₀
Dollars, at the College Bank, value received.*

John Brown.

Transactions into which Bills Receivable enter are now given to show the method of journalizing them.

— (1) —

Sold John Mason, on his note at 10 days, merchandise for \$125.

The Journal entry of this transaction is,

Bills Receivable, Dr. \$125.

To Merchandise, \$125.

EXPLANATION.

The note which you receive from John Mason is for you a Bill Receivable : it is you who are to receive the money he promises to pay. But this note, this Bill Receivable, has cost you value ; it is, therefore, Dr. Merchandise has produced value in giving you this note ; hence it is Cr.

— (2) —

John Mason gives you \$125 in cash for the note you hold against him.

Journal entry :

Cash Dr. \$125.

To Bills Receivable, \$125.

EXPLANATION.

Cash is debited because it is received. Now, what has caused you to receive this cash ? Evidently the promissory note he gave you, and which note you called a Bill Receivable. This Bill Receivable has then produced value, and must, consequently, be credited.

- (3) -

Sold Joseph Smith, merchandise, for \$175.25.

Received in payment a note made in his favor by John Brown.

Journal entry :

Bills Receivable Dr. \$175.25

To Mdse., \$175.25.

EXPLANATION.

Mdse. has produced value, and must be credited. The note made by John Brown was for Joseph Smith a Bill Receivable. The question might now be asked : "Is Joseph Smith bound to keep this note until the expiration of the three months, the specified time ?" No. The note is made payable to Joseph Smith or his order,—that is, to the person to whom Smith orders the money to be paid. Joseph Smith then can transfer the note, or, to use a more common expression, he can sell the note.

The transaction says that he did transfer the note to you ; but to transfer it he had to write on its back :

" Pay to College Student or order,

Joseph Smith."

The note is now yours ; it is a Bill Receivable for you. It has cost you value, and is thereby Dr.

— (4) —

Bought Merchandise of Geo. Jones for \$125. Gave in payment John Mason's note in my favor.

Journal Entry :

Merchandise Dr. \$125.

To Bills Receivable \$125.

Merchandise is Dr. because it has cost value.

The promissory note which we hold against John Mason is a Bill Receivable. Now, this Bill Receivable has produced value, since it buys for you the Merchandise ; it must then be credited.

A Bill Receivable is Dr. when it costs value, and Cr. when it produces value. In other words :—

Debit a Bill Receivable when you receive it, and credit it when it is paid or disposed of.

BILLS PAYABLE.

As already defined, a Bill Payable is a promissory note which another person holds against you.

— FORM III. —

\$175.00

Arkansas, Feb. 15, 1904.

Five days after date I promise to pay to Chas. Jackson & Bro. or order, One Hundred and Seventy-five Dollars at the College Bank, value received.

College Student.

This note which you have issued or given out is for Chas. Jackson & Bro., a Bill Receivable, for it is they who are to receive the money you promise to pay. For you, however, it is a Bill Payable, since you are to pay it.

(1) —

In the transaction recorded in the Day Book for Feb. 15, you buy Merchandise of Chas. Jackson & Bro., and give your note in part payment.

The Journal entry is,

Merchandise Dr.

To Bills Payable.

Merchandise is Dr. because it costs. The note which you have given is taken as a partial payment for the value of the Merchandise. This note has produced value, and must be credited.

— (2) —

Paid my note in favor of Chas. Jackson & Bro. in Cash,

Journal Entry :

Bills Payable Dr,

To Cash.

Cash is credited because it is paid out. Bills Payable is debited because it costs value ; it is on account of the note Jackson & Bro. hold against you that you had to pay out cash.

A Bill Payable, then, is credited when it produces value, and debited when it costs value.

In other words :—

Credit a Bill Payable when it is issued or given out, and debit it when it is redeemed or paid.

CHECKS.

A check is an order on the Bank in which a person has money to pay a specified sum to the bearer, to a person named therein or to his order.

— FORM IV. —

No. I.		
Feb. 5. Deposited, \$1500. :		Arthabaska, Feb. 6, 1904
" 6. \$117. :	Molson's Bank, pay to	
	R. Booth, or order,	
\$1383. :	One Hundred and Seventeen Dollars.	
Paid R. Booth		
for Mdse.	\$117. ⁰⁰ / ₁₀₀	College Student.

By referring to the transaction of Feb. 5, you will see that you deposit \$1500 in the College Bank. The bank, therefore, owes you this amount.

On Feb. 6, you order the Bank to pay out \$117 to R. Booth for the merchandise you bought of him. If the Bank is debited for your deposits, it is natural to conclude that it must be credited when it pays your debts. Hence, the following :

Debit the Bank when you deposit money, and credit it when you order it to make payments for you.

RECAPITULATION.

Debit Cash when you receive or invest it. | Credit Cash when you pay it out.

Debit Merchandise when you buy it or | Credit Merchandise when you sell it.
invest it. |

Debit Expense for its cost. | Credit Expense when you sell anything
| you termed expense.

Debit a Bill Receivable for its cost, or | Credit a Bill Receivable when it is paid,
when you receive or invest it. | or you dispose of it.

Debit a Bill Payable when you redeem
it or pay it.

Credit a Bill Payable when you issue or
give it out.

Debit yourself for all your Liabilities
when you commence business.

Credit yourself for your Resources when
you commence business.

After having posted the Journal entries make a Trial Balance. If the footings of the Trial Balance are equal, proceed to close your Ledger. Open two new accounts, Balance Account and Loss and Gain.

All accounts showing a loss or a gain close into the Loss and Gain, the losses being placed on the Dr. side, the gains on the Cr. side. The Loss & Gain Account must close into your own account.

All accounts showing a resource or a liability must be placed in the Balance Account, the resources on the Dr. side, the liabilities on the Cr. side. Your own account must close into the Balance Account. If your resources are greater than your liabilities your name will be on the Cr. side of Balance Account ; if, however , your liabilities are greater than your resources, your name will be on the Dr. side.

ARTHAHASKA, QUE., FEBRUARY 1, 1901.

I STUDENT, commence business this day with the following Resources and Liabilities:—

RESOURCES.		
Cash	\$3200	
Merchandise	2800

MEMORANDA FOR SECOND SET.

Mar. 1, 1904.— Student commenced Business this day with the following Resources and Liabilities:—Resources—Cash, \$2088.40; Merchandise, \$150.00; a note against W. Lyman, due Mar. 15, \$141.25; Cash deposited in College Bank, \$835.48; John Mason owes you on account, \$1113. Liabilities—You owe Richard Webster \$132; Wm. Black, \$64.25; John Edwards, \$293.75; Chas. Jackson & Bro., \$180. (") Bought of Wm. Black, 15 bbls. Superfine Flour @ \$6.; 3800 lbs. Bacon @ 12c.; 30 boxes Tallow Candles, 1500 lbs. @ 16c.; 20 bbls. Mess Pork at \$15. Gave in payment check on College Bank, \$225.; the balance bought on account. 2. Sold John Mason on his note @ 10 days, 9 bbls. Superfine Flour @ \$7.50; 400 lbs. Bacon @ 13c.; 1 doz. Sugar cured Hams, 168 lbs. @ 17c. (") Sold John Brown 14 bbls. N. O. Sugar, 2800 lbs. @ 6c.; 5 boxes Dates @ \$3.70; 5 chests. Y. H. Tea, 250 lbs. @ 35c.; 20 boxes Tallow Candles, 1000 lbs. @ 18c. Received in Payment, Cash, \$225.; his note @ 3 days for the balance. 3. Deposited Cash in College Bank, \$1500. (") Received Cash of John Mason, on %, \$728. (") Sold Wm. Barker 15 bbls. Baldwin Apples @ \$3.75; 2 hhds. N. O. Molasses, 180 gallons @ 54c.; 8 boxes Valencia Raisins @ 2.60; 12 buckets Raspberry Jam, 360 lbs. @ 11c. Received in part payment Cash \$150; the balance to be paid on the 7th inst. 4. Paid John Edwards, on %, per check, \$175. (") Paid Richard Webster, Cash, in full of %. 5. Bought of Chas. Jackson & Bro., 10 sacks Rio Coffee, 1500 lbs @ 25c.; 8 chests Ceylon Tea, 400 lbs. @ 33c.; 400 bushels Russian Wheat @ 78c.; 7 hhds. N. O. Malasses, 700 gallons @ 60c. Gave in part payment, Cash, \$250.; my note @ 10 days, \$300.; Wm. Lyman's note in my favor; the balance bought on %. 7. Sold John Mason, on %, 5 bbls. Mess Pork @ \$17. (") Sold Wm. Jones, for cash, 3 boxes Vermicelli @ \$4.; 2 sacks Coffee, 300 lbs. @ 28c.; 1 chest Ceylon Tea, 50 lbs. @ 40c. 8. Received Cash of Wm. Barker, in full of %. (") Received Cash of John Brown for his note of the 2nd. 10. Paid Wm. Black, Cash on %, \$275. (") Sold John Mason, on %, 5 sacks Rio Coffee, 750 lbs. @ 26c.; 4 sacks Salt @ \$1.10; 75 bushels Wheat @ 84c.

REMARK.

After making your Day Book, have it examined so that you may be sure your work is correct. The transactions are so much alike the set proposed to you as a model, that you will have no difficulty to make the Journal. Examine each transaction attentively; ask yourself "What did I receive?" and "What did I give?"

Journalize, post, close accounts and open them again. (See p. 36)

Merchandise per Inventory, \$4700.

The net gain is \$504 and the net capital \$7162.44.

Number of lines in the Ledger: Stock, 8; Cash, 22; Bills Receivable, 10; Jno. Mason, 8; Mdse, 18; R. Webster, 2; R. Walsh, 2; Coll. Bank, 10; W. Black, 6; J. Edwards, 4; Jackson & Brö, 5; W. Barker, 2; Bills Payable, 6; Expense, 6; Loss & Gain, 7; Balance, 18. (*The posting could be made to the same Ledger.*)

MEMORANDA FOR THIRD SET.

Mar. 11. Student continued the same business Paid Cash for 5 tons Coal, \$25.00. 12. Bought, per check, furniture for office use, \$58.00. (") Sold John Edwards, on %, 3 hhds. N. O. Molasses, 300 gallons @ 70c. 14. Sold Elias Smith, 4 sacks Rio Coffee,

600 lbs. @ 30c. ; 175 bushels Wheat @ \$86c. ; 1200 lbs. Bacon @ 14c. ; 3 bbls. Sugar. 600 lbs. @ 7c. Received in payment Cash, \$275.50 ; his note @ 10 days for the balance. 15. Received Cash of John Edwards to-balance account. (") Received Cash for petty sales, \$24.00. (") John Mason has this day paid his note of the 2nd. 16. Sold Robert Walsh, 8 bbls. Superfine Flour @ \$7.50 ; 8 boxes Tallow Candles, 400 lbs. @ 17c. ; 5 bbls. Mess Pork @ \$19.00 ; 12 buckets Blackberry Jam, 360 lbs. @ 13c. ; 3 sacks Coffee, 150 lbs. @ 28c. Received in part payment, Cash, \$125.00 ; his note @ 3 days for \$130.00 ; the balance to be paid on the 28th. 18. Paid my note of the 5th, favor of C. Jackson & Bro., per check. (") Received Cash of John Mason, on %, \$347.40. 19. Bought at auction Merchandise amounting to \$1748.00 ; gave in payment, Cash, \$400.00 ; my note @ 4 days made in favor of J. Jenkins, \$500.00 ; Check on the College Bank for the balance. 20. Sold R. Benton, on his note @ 3 days, 5 boxes Malaga Raisins @ \$4.50 ; 3 bbls. Florida Oranges @ \$9.00 ; 8 bbls. Apples at \$4.75 ; 12 bunches Bananas @ \$2.25. 22. Paid Chas. Jackson & Bro., Cash on %, \$250.00. (") Sold Wm. G. Byrnes, for Cash, 25 bbls. Mess Pork @ \$21 ; 20 bbls. Prime Beef @ \$15.00 ; 14 bbls. Granulated Sugar, 2800 lbs. @ 7c. 24. Received Cash of Robert Walsh for his note of the 5th. 26. Paid my note of the 19th, favor of J. Jenkins, in cash. (") Received Cash of R. Benton for his note of the 20th. (") Sold Chas. Adams, for Cash, 3 buckets Blueberry Jam, 90 lbs @ 14c. ; 2 doz. Brooms @ \$1.75 ; 5 sacks Salt @ \$1.15 ; 1 sack Coffee, 150 lbs. @ 28c. 27. Received Cash of Elias Smith for his note of the 14th. 28. Received Cash of Robert Walsh in full. (") Paid the following expenses in Cash :—Drayage, \$18.00 ; Clerk Hire, \$75. ; Repairs on Store, \$23.00.

Journalize and post to the preceding Ledger. **MERCHANDISE PER INVENTORY.** \$4698.25.

Net gain : \$120.90 ; net Capital, \$7583.34.

Set III —Negotiable Paper.

In Set II. was shown the role that Promissory Notes and Checks play in commercial transactions. Goods were sold to different parties, and notes were received in payment ; you bought goods and gave your note or your check in payment.

Under certain conditions these notes are transferable—that it is to say, they can pass from person to person ; in other words, they are *negotiable*. But that they may possess a *negotiable character*, they must have certain elements. These elements are :—

1. *Parties.* 2. *Consideration.* 3. *Time.* 4. *Payable in money.* 5. *Negotiable words.* 6. *Payable absolutely.* 7. *A specified amount.*

The original parties to a promissory note are the **MAKER** and the **PAYEE**. The **MAKER** is the party that makes the note; the **PAYEE** is the party in whose favor the note is made.

In the following note John Brown is the *maker*; it is he who promises to pay. Joseph Smith is the *payee*; it is in his favor that the note is made.

\$150⁰⁰/₁₀₀

Arthabaska, March 1, 1904.

*Ninety days after date, I promise to pay
Joseph Smith or bearer, One Hundred and Fifty Dollars,
at the College Bank, value received.*

John Brown.

Notice that this note has all the elements required to make it negotiable.

The Parties are John Brown and Joseph Smith.

The Consideration is expressed by the words "*value received*."

Time—*Ninety days after date*.

It is payable *in money*.

It is payable *absolutely*.

It has a negotiable word, "*bearer*."

It promises to pay a *specified amount*.

\$150⁰⁰/₁₀₀

Arthabaska, March 1, 1904.

*Ninety days after date, I promise to pay
Joseph Smith or order, One Hundred and Fifty Dollars,
at the College Bank, value received.*

John Brown.

The only difference between the two notes given is that the first is payable to Joseph Smith or "*bearer*," and the second to Joseph Smith or "*order*." This difference is so important that it merits a special attention.

BEARER.

A note made payable to a particular person or bearer can be transferred by *simple delivery*. If Joseph Smith buys goods from you, and you are willing to accept as payment John Brown's note, he hands you the note and you become the *owner*. The holder of a note made payable to bearer is presumed to be the rightful owner. If such a note be found or stolen, the finder or the thief has, of course, no right to collect it; but if he

sell it *before maturity* to an *innocent holder*, that is to say, to one who has no reason to suspect that the note was found or stolen, the innocent purchaser will be protected in the collection of the note.

From this will be seen *the risk* run by those who *send through the mail* promissory notes and checks made payable to bearer.

ORDER.

The second note is made payable to Joseph Smith or order,—that is, to the person to whom he orders it to be paid. To become negotiable this note *requires the signature* of Joseph Smith. Suppose, then, that he buys merchandise from you and offers you this note in payment. If you agree to accept the note, Joseph Smith must write his name on the back of the note.

INDORSEMENT.

The act of the payee writing his name on the back of a note or check, and thereby transferring the property in it, is called an *Indorsement*.

(1) If the indorsement is a mere signature of the party transferring, without any other words, it is called a *Blank Indorsement*. A promissory note, check, or other negotiable paper *indorsed in blank*, is transferable *from hand to hand*. The effect of a blank indorsement is to make the instrument *payable to bearer*. A note thus indorsed *runs the same risks* as a note payable to bearer; and, if lost or stolen, it can be sold to an innocent purchaser for value.

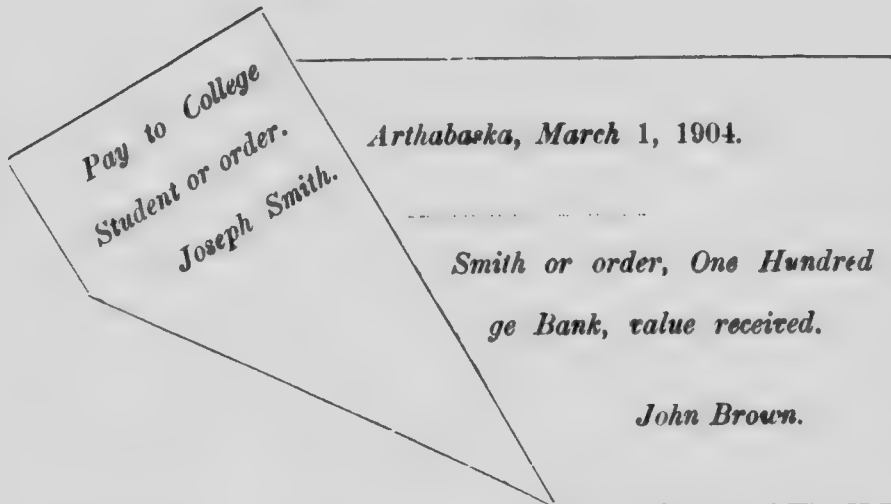

EXAMPLE OF A BLANK INDORSEMENT.

<i>Joseph Smith.</i>	<p style="text-align: center;"><i>Arthabaska, March 1, 1894.</i></p> <p style="text-align: center;"><i>after date I promise to pay</i> <i>bearer, One Hundred</i> <i>Bank, value received.</i></p> <p style="text-align: right;"><i>John Brown.</i></p>
----------------------	---

(2) If the indorsement mentions the name of the party to whom it is transferred, it is called a *Full Indorsement*. When a promissory note or other negotiable paper in thus indorsed, no one but the indorsee, that is, the person to whom the note is transferred, can demand payment. If he wishes to transfer it, he must indorse it. If the instrument be lost or stolen, the thief or finder cannot collect it.

Such being the case, it is natural that this mode of indorsement should be generally adopted by business men in transmitting notes, checks, and drafts by the mail:—

EXAMPLE OF A FULL INDORSEMENT.

DAYS OF GRACE.

NOTES and DRAFTS on time are *nominally* due at the expiration of the specified time; they are *legally* due three days after. These three days are called *Days of Grace*. If a note reads "*ten days after date*," it will be due only *thirteen* days after date. If the last day of grace falls on a Sunday or a legal holiday, the note must be paid on the next day. In the United States the note would be payable on the second day of grace.

INTEREST AND DISCOUNT.

The new subjects introduced in the *set for March* are *Interest and Discount*.

INTEREST is money charged for the use of money for a certain time.

DISCOUNT is an allowance made for the payment of a debt of money before it becomes due.

BANK DISCOUNT is the interest on the face of a note from the day of discount to the day of payment.

The PROCEEDS of a note is the face of the note minus the discount.

The DAY OF MATURITY is the day on which the note is due.

Find the *day of maturity*, the *discount*, and the *proceeds* of the following promissory notes:—

\$175 $\frac{75}{100}$

Arthabaska, Mar. 15, 1904.

Ninety days after date I promise to pay to College Student or order, One Hundred and Seventy-five $\frac{75}{100}$ Dollars at the College Bank, value received.

Joseph Smith.

Discounted at the Bank, March 25, 1904, at 6%.

The note has 93 days to run. The day on which it will be due is found as follows:—

In March it has 16 days to run.

" April " " 30 " " "

" May " " 31 " " "

—
77

93—77—16. The day of maturity is June 16.

On March 25th, you presented this note at the College Bank to have it discounted.

Now, if the Bank gives you \$175.75 for the note, it is evident that it will lose the interest on that sum for the time the note has still to run: 83 days.

But the Bank will not suffer a loss to accommodate you: it will keep the interest on the face of the note for the time the note has still to run, and give you the balance, or the proceeds.

The Discount and the Proceeds are found as follows:—

$175.75 \times .06 =$ Interest or discount for 1 year.

$175.75 \times .06 =$ " " " " 1 day.

365

$175.75 \times .06 \times 83$ " " " " 83 days. = 2.397

365

The number of mills being greater than 5, add a cent. The discount then is \$2.40.

The Bank reserves this discount, and hands you in cash \$175.75—\$2.40=\$173.35.

If you were now told to make an entry of this transaction in your Journal, your only difficulty would be with the Interest or Discount, for Cash is Dr. because it is received, and the Bill Receivable is Cr., because it is disposed of.

By having this note discounted 83 days before maturity, you lost \$2.40. The discount has cost you this sum. You have already seen that whatever costs is Dr. In this example, Discount is Dr. for its cost. The Journal entry will, therefore, read:—

Cash, \$173.35.

Discount, \$2.40.

To Bills Receivable, \$175.75.

EXAMPLE II.

\$455¹/₂%

Arthabaska, March 4, 1904.

Four months after date, I promise to pay
to Richard Webster, or order, Four Hundred and Twenty-five ¹/₂% Dollars,
at his office, value received.

College Student.

Discounted Mar. 25, @ 7%.

Four months after March 4, brings us to July 4. The 3 days of grace make the note due on July 7. The note was discounted Mar. 25. The number of days it had still to run is found as follows:—

In March it has 6 days; in April, 30; in May, 31; in June, 30; in July, 7. Making a total of 104 days.

By paying your note on March 25, you are entitled to a reduction equal to the interest on \$455.25 for 104 days, at the given rate.

$$\begin{array}{rcl}
 455.25 \times .07 & = & \text{Interest for 1 year.} \\
 455.25 \times .07 & = & \text{" " 1 day.} \\
 \hline
 365 & & \\
 455.25 \times .07 \times 104 & = & \text{" " 104 days.} = \$9.08. \\
 \hline
 365 & &
 \end{array}$$

The proceeds, or, in this case, the amount of cash you pay is $\$455.25 - \$9.08 = \$446.17$.

Now, how must this transaction be journalized? Again, your only difficulty will be with the Interest. Your note is a Bill Payable, and, as it cost you value, it is Dr. Cash is Cr., because it is paid out. But it is not only Cash that has paid your note; the interest for the unexpired time has diminished your debt by \$9.08; this interest, then, produces value, and must be credited.

Hence the Journal entry will read:—

Bills Payable	\$455.25.
To Cash,	446.17.
" Interest,	9.08.

Interest, then, is Dr. when it costs you value; it is Cr. when it produces value.

It costs you value when it is *against you*; it produces value when it is *in your favor*.

Interest is *against you* when you pay it, and when your debtor pays his debt before it is due.

Interest is *in your favor* when some one pays it to you, and when you pay your debt before it is due.

Therefore, the following:—

In journalizing Interest or Discount, ask yourself if it is against you or in your favor; if it is against you, it is Dr.; it is Cr. when in your favor.

REAL ESTATE.

Under this title are included the *house* and *property* that you buy. *Real Estate* must be debited for its cost, and credited for its returns. At the end of the month, when you close your Ledger, credit the account, "By Balance per Inv." for the property that remains unsold. Should there, then, be a difference between the sides of the account, that difference is a loss or a gain, and must be placed in the Loss and Gain Account.

REMARKS.

Interest and Discount being of a like nature, they are placed in the same account under the title *Interest and Discount*.

Unless otherwise stated, all computations of interest and discount must be made at 6% on a basis of 365 days to the year.

Bills Receivable and Bills Payable must be debited and credited for their face value without regard to the interest or discount as gain or loss on them.

DAY BOOK—(Set III.)

ANTHABASKA, Que., MARCH 1, 1904.

STUDENT commences Business this day with the following Resources and Liabilities:—			
RESOURCES.			
Cash	5300		
Merchandise	7585	75

[Set IV.]

SAME BOOKS AND BILL BOOK.

Negotiable Paper.—*Continued.*

The next class of *Negotiable paper* deserving our attention is the **DRAFT**.

A *draft* is an order addressed by one person to another, requesting the payment of money to a person named therein, to *his order or to bearer*.

The use of the draft is to obviate the risk and expense of sending money from one place to another.

As a rule, two of the parties to a draft reside in the same place.

Let us suppose that John Brown, of Montreal, owes you \$500, and that you owe Joseph Smith, of Montreal, a like amount. Now, if we had no such commodity as Negotiable Paper, John Brown would have to send you by express \$500, and you would have to return the money to Montreal in order to pay Joseph Smith. But as negotiable paper does exist, you will bring it into service by enclosing in a letter that you send to JOSEPH SMITH, a draft worded as follows :

\$500 ⁰⁰/₁₀₀

Arthabaska, April 1, 1904.

On demand pay to Joseph Smith or order,

Five Hundred Dollars, value received, and charge to the account of

To John Brown,

College Student.

Montreal.

When Joseph Smith receives your letter, he presents the draft to John Brown. If Brown is not willing to pay it, Smith returns you the draft. If, however, he pays it, it is evident that he no longer owes you, nor do you owe Joseph Smith. John Brown has paid you, and you have paid Joseph Smith, though not a cent has been sent to or by you.

The words "*on demand*" mean that the draft must be paid when it is presented. If you present it on April 1, it must be paid on that date. There are *three original parties* to a draft: (1) The one that makes the draft; he is called the "*maker*" or "*drawer*." (2) The one that is ordered to pay the draft; he is called the "*drawee*" (3) The one in whose favor the draft is made; he is called the "*payee*."

In the example given, College Student is the drawer; John Brown is the drawee; Joseph Smith is the payee.

If you were now told to journalize such a transaction, the entry should be :

Joseph Smith, Dr.

To John Brown.

Joseph Smith should be debited because you get out of his debt; John Brown should be credited because he pays your debt.

\$600⁰⁰/₁₀₀.

Arhabaska, April 1, 1904

At sixty days sight pay to College Student,
or order, Six Hundred Dollars, value received, and charge to
the account of

To Joseph Smith,

John Brown.

Montreal.

In this draft it is presumed that John Brown owes your \$600, and that Joseph Smith owes him at least that amount. Brown orders Smith to pay you. Now, Smith is not bound to do so; he may refuse or agree, just as he pleases. If he is not willing to pay the draft, you must notify Brown. If, however, he agrees to pay it, he writes in red ink across the face of the draft, "Accepted, April 2, 1904, Joseph Smith."

As the draft is payable at sixty days sight, that is to say, sixty days after it is shown to Joseph Smith, he must be careful to mention the date of this acceptance.

The word "Accepted" written across the face of the draft is a promise to pay it. It is equivalent to writing "I promise to pay." The draft which Smith promises to pay is in your favor; for him it is a *Bill Payable*; for you a *Bill Receivable*.

The Journal entry of this transaction should read:

Bills Receivable, Dr.

To John Brown.

Now this draft contains all the elements of a negotiable paper: it can therefore be transferred. If you buy merchandise of John Jones, you can offer him this draft in payment, in whole or in part. If Jones is satisfied with the credit that Smith has in the commercial community, he will take the draft. But as it is payable to you or your order, to transfer it, you must write your name on the back and thus make a *blank indorsement*, or write, "Pay to John Jones or order, College Student," and thus make a *full indorsement*. You then become an *indorser*, and Jones becomes the *indorsee* or *payee*. By indorsing the draft, you have assumed a responsibility; you are now conditionally liable for its payment.

\$700 ⁰⁰/₁₀₀.

Arthabaska, April 1, 1904.

*Ninety days after date pay to the order of
John Brown, Seven Hundred Dollars, value received, and
charge to the account of*

To College Student,

Joseph Smith.

Arthabaska, Que.

In the foregoing draft, Joseph Smith orders you to pay John Brown ; it is therefore presumed that you owe Joseph Smith. But you are not bound to pay Brown ; you can agree or not, just as you wish. However, you are bound to pay Smith ; and as it is immaterial to you whether you pay Brown or Smith, provided you get out of Smith's debt, we will suppose that you accept the draft—that is, you promise to pay it. You write across the face of the draft **Accepted, College Student.**

In this draft, there is no need to write the date of the acceptance, as the day of payment is so many days after date.

It has already been said that the word "Accepted," written across the face of a draft, is equivalent to "I promise to pay." Therefore, the draft which Joseph Smith sent to John Brown, and which you accepted, is a *written promise* that John Brown, or the party to whom he transferred it, holds against you. Now, it has been seen that a written promise of payment, which another party holds against you, is, for you, a *Bill Payable* ; this draft then is for you a *Bill Payable*.

By accepting this draft, you owe Joseph Smith \$700 less : you pay one debt by making another.

The Journal entry of the foregoing transaction must read :

Joseph Smith, Dr

To Bills Payable

\$300 ⁰⁰/₁₀₀.

Arthabaska, April 1, 1904.

*Ninety days after date pay to the order of
myself Three Hundred Dollars, value received, and charge to the
account of*

To John Brown,

College Student.

Montreal.

In the above draft there are two parties: the *drawer* and the *payee* being the same. You have made this draft payable to yourself, so that by selling it you may have money.

Suppose that John Brown owes you \$300 due in ninety days, and that you owe me \$295 due to-day, and that I am pressing payment. Now, can you bring the draft to your service?

Yes; draw a draft at ninety days in your favor, and on John Brown. If your credit is good, the College Bank will buy the draft, and with the money you receive you can pay me. Of course the College Bank will not give you \$300 for the draft; if it did, it would lose the interest on \$300 for 93 days.

$$\frac{300 \times .06 \times 93}{365} = 4.5 \text{ Interest or Discount.}$$

The Bank gives you $\$300 - \$4.59 = \$295.41$.
The Journal entry of this transaction must be:

Cash.

Interest or Discount.

To John Brown.

The Check is practically the same as a draft, though a check is not presented for acceptance but for payment. The parties to a check are the *drawer*, the *payee*, and the *drawee*. If I order the College Bank to pay you a certain sum, I am the *drawer*, you are the *payee*, the Bank is the *drawee*.

NON-NEGOTIABLE PAPER

You have seen that commercial paper to be *negotiable* requires certain elements. These elements are so essential that in the absence of any one would render the instrument *non-negotiable*.

The elements having been given in Set III, it is not necessary to repeat them here.

NON-NEGOTIABLE CHECK.

No. 75.	A. Chabush April 1, 1904
Commercial College Bank	
Pay to John Brown,	
Two Hundred Dollars.	
\$200.00.	College Student.

NON-NEGOTIABLE NOTE.

\$300 00

Arthabaska, April 1, 1904.

Thirty days after date, I promise to pay John Brown, Three Hundred Dollars value received.

College Student

\$35 00.

Arthabaska, April 1 1904.

Mr. John Brown will please pay to College Student Thirty-Five Dollars in Merchandise, and charge the same to my account.

Joseph Smith.

This last example is called an *order*. An order is a letter addressed to an individual or firm, requesting the delivery of goods on account of the *maker*. If you are the *bearer* and receive the goods, Joseph Smith will owe John Brown \$35; or, if John Brown owes Joseph Smith, the delivery of the goods will settle the debt and the order will be kept as a receipt.

NOTE—In accepting an order, the drawee may make it payable at any bank or business place.

Set IV.

In this Set, you are in *partnership* with J. W. Smith. At the end of April debit each partner for one half the loss.

The **BILL BOOK** is introduced for the first time. The object of this book is to have a record of the particulars relating to the notes that you receive and give.

As soon as you receive a note, or issue one, record it in the *Bill Book*.

The **BALANCE SHEET** presented in this set gives the same information as the **TRIAL BALANCE**, **LOSS and GAIN**, and **BALANCE ACCOUNT**.

Whenever the number of personal accounts is great, you may sum the "**ACCOUNTS RECEIVABLE**" and "**ACCOUNTS PAYABLE**".

SUMMARY OF THE RULES FOR JOURNALIZING.

DR. STOCK OR PROPRIETOR. CR.

Liabilities, withdrawals, net loss. | Investments, net gain.
The difference is the net capital or net insolvency.

DR. CASH. CR.

Money received. | Money paid.
The Cr. side can never exceed the Dr. and the difference is money on hand.

DR. MERCHANDISE. CR.

Goods bought. | Goods sold.
Before the gain or loss can be found, the goods unsold must be added to the Cr. side.

DR. PERSONS. CR.

What they owe or receive. | What we owe them or they pay us.
If the Dr. side is the larger, the difference is what they owe us ; if the smaller, the difference is what we owe them.

DR. EXPENSE. CR.

Cost of expenses. | Returns (if any).
The difference is generally a loss. But before the real loss can be found, the Cr. side must be increased by what is left of what was charged to the account.

DR. BILLS RECEIVABLE. CR.

Others' notes received. | Others' notes paid or given.
As in the case of Cash, the Cr. side can not exceed the Dr. and the difference is a Resource.

DR. BILLS PAYABLE. CR.

Our notes redeemed or paid. | Our notes made or given.
Here the difference, if any, is always in favor of the Cr. and shows a debt.

DR. INTEREST AND DISCOUNT. CR.

Not in our favor. | In our favor.
If the Dr. side is the larger, the result is a loss ; etc.

DR. REAL ESTATE. CL.

The same as merchandise.

DR. BANK. CR.

Money deposited. | Money withdrawn.
As a rule, a bank will not pay more money than we have deposited. Then the difference, if any, is always in favor of the Dr. side and shows the balance of our deposit.

Often review these rules for journalizing and make yourself perfectly familiar with them; then the two main points in Book-keeping: journalizing and closing accounts will become an easy work.

DAY BOOK (Set IV.)

ARTHABASKA, QUE., APRIL 1, 1904.

3					
SUNDRIES	Dr. To Bills Receivable.			585	
Discount or Interest			9 81		
Cash		575	19		
The note is credited, because it is cancelled. Discount or Interest is debited, because it is against you ; you allow John Brown a reduction of \$9.81, because he pays his note 102 days before it is due. Cash is debited because it is received.					
4					
HENRY BYRNE	Dr.	284		284	
	To Bills Payable.				
In accepting this draft, you get out of H. Byrne's debt : he is, therefore, debited. When you accept a draft, the draft becomes for you a Bill Payable. And as it is this Bill Payable which has cancelled your indebtedness to Byrne, you must credit it.					
4					
ROGER WILLIAMS	Dr.	684		684	
	To Wm. Crocker				
Wm. Crocker is credited because you order him to pay Williams \$684. He thus gets out of your indebtedness to that amount. Roger Williams is debited because you cancel your debt to him by ordering Crocker to pay him.					
5					
BILLS PAYABLE	Dr. To Sundries	891			
	Interest or Discount			6 30	
	College Bank			884	70

Set V.

(COMMISSION SALES BOOK, LETTER BOOK
AND BILL BOOK).

Partnership.

In the preceding set you formed a partnership with J. W. Smith.

PARTNERSHIP is a contract between two or more competent persons to place their money, labor, and skill, or some or all of them, in lawful business or commerce, and to divide the profit and bear the loss in certain proportions. Any person competent to make a contract can enter into a partnership.

The **CAPITAL** of a firm is the money or property invested by the partners. To form a partnership it is not necessary that each partner should contribute money. One partner may contribute money; another may supply labor and skill; or all may contribute money and labor. What each must contribute depends upon the agreement or contract made when the partnership was formed.

PARTNERS are of four kinds: *Ostensible, Nominal, Silent, Special.*

OSTENSIBLE PARTNERS are those whose names are known, and who appear to the world as partners.

NOMINAL PARTNERS are those who have no interest in the business, but who lend their name and credit to the partnership. They do not share in the profits, or bear the losses. They are responsible to the creditors of the firm, if the creditors trusted the firm on their account. Suppose that your father, a well-known business man, wishes to start you in a business, the profits of which are to be yours. As you are young and unknown, it will be difficult for you to obtain credit. In order to assist you, he allows his name to be used, so that the signboard reads: **J. W. SMITH & SON.**

If the supposed firm is credited it is not on account of you, since you are not known; it is on account of your father. He is, therefore, responsible to the creditors.

SILENT PARTNERS are those whose names are not made known. They share in the profits of the business and are real partners. Their object in keeping their partnership a secret is to avoid all responsibility for the debts of the firm. If discovered, they are responsible.

PARTNERSHIP is of three kinds:—*General, Special, Limited.*

A **GENERAL PARTNERSHIP** is one formed for trade or business generally.

A **SPECIAL PARTNERSHIP** is one which is limited to a particular branch of business, or to a particular subject.

A **LIMITED PARTNERSHIP** is one in which one or more partners put in a certain amount of capital which is liable for the contracts of the firm, but beyond that amount the party advancing is not liable. A limited partnership is formed by a number of persons; but the names of all the partners are not known. Those whose names are known are called *general partners*, and are liable for all the debts of the firm to the extent of their property. Those whose names are not known are called *special partners*, and are liable for the debts of the firm to the amount stated in the contract.

The **TIME** that a partnership is to endure depends upon the contract. If no time has been specified, the partnership may be dissolved at the pleasure of one or more of the parties. If a time has been specified, say five years, it cannot be dissolved before the expiration of the limited time, except by the mutual consent of all the parties, or by the death of one or more of them, or by a judicial decree.

The **SUBJECT MATTER** of a partnership is the *business* in which the partners are engaged. It is not confined to commercial business. It may exist in any kind of lawful, honest business. Lawyers, physicians, mechanics, etc., may unite in a partnership.

PROFITS AND LOSSES.—One of the important elements of a partnership contract is the division of the profits and losses. It should be distinctly stated in the contract what

proportion of the profits and losses each partner is to share. In the absence of any precise stipulations, the partners are to share equally the gains and losses.

DISSOLUTION.—A partnership may be dissolved at any time by the mutual consent of all the partners.

If no time has been specified, it is a partnership at will, and may be dissolved at the pleasure of one or more of the partners.

The death of a partner causes a dissolution of the partnership, unless there be in the contract an express stipulation to the contrary.

A partnership may also be dissolved by one partner selling his interest in the firm. The purchaser is not bound to become a partner, nor are the remaining partners obliged to accept him as such.

The acts of a partner may also cause a dissolution. If one of the partners of a firm were to become an habitual drunkard, or gambler, or be guilty of any act that might bring discredit upon the firm, the courts would, upon application, cause a dissolution.

NOTICE.—Upon the withdrawal of a partner from a partnership, public notice must be given. The party retiring should give this notice in order to protect himself from continued responsibility. The notice should be published in the newspapers of the place. To persons living in other places, and who have dealt regularly with the firm, circulars or letters should be sent.

EQUATION OF PAYMENTS.

EQUATION OF PAYMENTS is the process of finding the mean time for paying several debts due at different times without interest.

The **TERM OF CREDIT** is the time allowed for the payment of a debt.

The **AVERAGE TERM OF CREDIT** is the time to elapse before several debts, due at different times, may be paid at once, without loss to debtor or creditor.

The **EQUATED TIME** is the date at which the several debts may be cancelled by one payment.

To **AVERAGE AN ACCOUNT** is to find the mean time of payment of the balance.

The **FOCAL DATE** is the date with which all the others are compared in averaging an account.

A few examples in Equation of Payments are now given.

CASE I.

To find the average term of credit, when the terms of credit begin at the same time.

(1) On June 1st you owe me \$500, due in 2 mos. ; \$300 due in 3 mos. ; \$800 due in 4 mos. If you decide to pay the entire debt at one time, when will it be due? *Ans.* Sept. 7th.

SOLUTION.

500 × 2 = 1000		
300 × 3 = 900	5100	.187
800 × 4 = 3200	—	30
—	—	—
1600	5100	1600 = 3.187 mos.
		5,610 days.

The debt will be due 3 mos. 6 das. after June 1 = Sept. 7.

EXPLANATION

A credit of \$500 for 2 mo.	a credit of \$1000 for 1 month.
" " \$300 " 3 "	" " " \$900 " "
" " \$800 " 4 "	" " " \$3200 " "
—	—
\$1600	\$5100

A credit of \$500 for 2 mos., of \$300 for 3 mos., and \$800 for 4 mos., is the same as a credit of \$5100 during 1 mo. Now a credit of \$5100 during 1 mo. is the same as a credit of \$1.00 during 5100 months. The question now becomes this: If I lend or credit you with \$1 during 5100 mos., for what length of time should I credit you with \$1600 in order that the favor may be the same? As the credit is for a sum 1600 times greater, it should be for a period 1600 times smaller. Hence the following rule:—

Multiply each payment by its term of credit, and divide the sum of the products by the sum of the payments; the quotient will be the average term of credit.

(2) On July 1st I owe you \$700, due in 3 mos.; \$500 due in 7 mos.; \$450 due in 9 mos.; \$825 due in 11 mos.; what will be the average time and the equated time? Ans 7 mos. 17 days, due Feb. 18.

CASE II.

To find the equated time when the credits begin at different dates.

Ex. 1. — Bought of F. Beauchesne the following bill of goods

June 1, on 3 mos. credit	\$250, due Sept. 1.
July 1, " 4 "	" \$300, " Nov. 1.
Aug. 15 " 3 "	" \$200, " Nov. 15.
Sept. 25, " 2 "	" \$700, " Nov. 25.

If I gave my note for the full amount, when will it commence to bear interest?

SOLUTION.

250 × 0	—	
300 × 61	= 18300	
200 × 75	= 15000	
700 × 85	= 59500	
—	—	92800
1450	92800	— 64
		1450

EXPLANATION.

The first debt is due Sept. 1; this date will be used as the focal date.

From Sept. 1 to Nov. 1, there are 61 days; to Nov. 15, 75 days; to Nov. 25, 85 days.

A credit of \$300 for 61 days = a credit of \$18300 for 1 day.

" " \$200 " 75 " = " " " \$15000 " "

" " \$700 " 85 " = " " " \$59500 " "

" " \$250

\$1450

\$92800

The credit that I have received is the same as if I had received a credit of \$92800 for 1 day, or \$1 for 92800 days. Again the question becomes:—

If I am credited with \$1 for 92800 days, for what length of time should I be credited with \$1450 so that the favor may be the same?

As the credit is for a sum 1450 times greater, it should be for a period 1450 times smaller. By division we find this time to be 64 days. 64 days after Sept. 1 brings us to November 4, the day on which the note will begin to bear interest.

REMARK.

It has been already said that the *Average Term* of credit is the time to elapse before several debts, due at different times, can be paid at once, without loss to debtor or creditor. If you pay your debt before it is due, you lose the interest on your money for the unexpired time, and the creditor gains it; if, however, you pay your debt after it is due, your creditor loses the interest for the overdue time, and you gain it. In the above example two of the debts are paid after maturity: on these you gain the interest. The others are paid before maturity: on these you lose the interest. If our answer is correct the gains and losses will offset each other.

(1)	250	.06	61	
	—	—	—	\$2.67 Interest you gain on 1st debt
			350	
(2)	300	.06	3	.15 " " " 2nd "
	—	—	—	—
			350	
				\$2.82 Total gain of interest.
(3)	200	.06	11	
	—	—	—	.37 Interest you lose on 3rd debt.
			350	
(4)	700	.06	21	
	—	—	—	2.45 " " " 4th "
			350	
				\$2.82 Total loss of interest.

Rule 1.—Select the date at which the first debt becomes due, and multiply each debt by its term of credit reckoned from the date selected.

Rule 2.—Divide the sum of the products by the sum of the debts, and the quotient will be the average term of credit, estimated from the date selected.

Ex. 2.—Bought of L. O. Pepin & Son, the following bill of goods:—

Jan. 15, 1894,	a bill amounting to \$500 on 2 mos. credit.
Feb. 1, " "	" 350 " 3 " "
Feb. 19, " "	" 100 " 2 " "
Mar. 17, " "	" 350 " 4 " "

If I gave my note for the amount, when will it become due? Ans. May 2.

AVERAGING ACCOUNTS.

AVERAGING AN ACCOUNT is the process of finding the mean time for the payment of the balance of the account.

DR.

COLLEGE STUDENT.

CR

March 9	To Mdse,	300	Mch. 20	By Cash,	247 25
May 12	" "	473 20	April 11	" draft @ 30 days,	400
June 19	" "	564 20	July 10	" Cash,	259 55

OPERATION.

DUE	TIME	ITEMS	PRODUCTS	DUE	TIME	ITEMS	PRODUCTS
March 9	00	300	Mch 20	11	247 25	2719.75
May 12	64	473 60	30310.40	May 14	66	400	26400.
June 19	102	564 20	57548.	July 10	123	259 55	31924.65
		1337 80	87858.40			906 80	61043.40
		906 80	61043.40				
Balances,		431	26815.				

$$26815 \div 431 = 62. \quad \text{Mar. 9} + 62 \text{ da} = \text{May 10.}$$

Select the date of the first item due as the focal date, and find the time the others are due after it, allowing 3 days of grace to the draft. The products are obtained as in the cases given, and the balance found between the two sides and also between the products. If made payable on March 9, the debtor items would suffer a loss = to the interest on \$87,858.40 for 1 day, and the creditor items the interest on \$61,043.40 for 1 day. Subtracting the products, we see that the net loss would be for the debtor items the interest on \$26,815 for 1 day, or on \$1. for 26,815 days. The balance of the account is \$431. A credit of \$1. for 26,815 days is the same as a credit of \$431 for $26,815 \div 431 = 62$ days.

SHIPMENTS AND CONSIGNMENTS.

The transactions of June will consist principally of *Shipments* and *Consignments*, thus composing a *Commission business*.

COMMISSION is a percentage paid to an agent for transacting business.

AN AGENT is one who acts for and by authority of another called the *Principal*.

AGENTS are of two kinds:—*General* and *Special*.

A GENERAL AGENT is one appointed by a principal to transact all the business growing out of a particular employment.

A SPECIAL AGENT is one appointed for a particular transaction.

A COMMISSION MERCHANT is one who sells goods for another, receiving as compensation a certain percentage of the sales. The goods are in his possession: he is bound to take as good care of the property or merchandise sent him as if it belonged to him.

A BROKER is one who transacts business or makes bargains for others. The broker differs from the commission merchant in not having the goods in his possession.

CONSIGNMENT. When goods are received from a merchant to be sold on his account and risk, they are called a *consignment*.

SHIPMENT. When goods are sent to a commission merchant to be sold on account and risk of the shipper, they are called a *Shipment*.

STORAGE is a charge made for keeping the goods.

GUARANTY is a charge made by an agent for securing the owner against the risk of non-payment, when goods are sold on credit.

THE CONSIGNOR is the person that ships the goods.

THE CONSIGNEE is the person to whom they are shipped.

AN ACCOUNT SALES is a written statement rendered by an agent or consignee to the consignor, of the sale of the goods, the charges, and the net proceeds.

THE NET PROCEEDS are the sum left after the commission and other charges have been deducted from the sales.

ACCOUNT SALES.

As this set will embrace *Shipments* and *Consignments*, particular attention should be paid to the method for finding when the proceeds are due. The method is about the same as in averaging accounts.

Debit the consignment for all charges, such as freight, if you paid it, storage, commission, guaranty, and credit it for the sales.

The expenses incurred in receiving the goods are considered due when paid, but commission and guaranty are due at the average maturity of the sales. Storage is due on the day of the last sale.

Ex. 2.—College Student & Co. received on June 1, from John Brown & Co., Sherbrooke, to be sold on their account and risk, 500 bbls. Flour.
Paid freight in cash \$75.

JOURNAL ENTRY.

BROWN & Co.'s Consignment Dr. 875.
To Cash 875.

The consignment is debited because it has cost you value.

June 5

Sold JOHN SMITH for cash :—
250 bbls. Flour (Brown's Consignment) @ \$7.00 = \$1750.

"

Cash Dr. To BROWN & Co.'s Consignment \$1750.
The consignment is credited because it has produced value in cash.

June 6

Sold JACKSON & BRO., on % @ 3 mos :—
175 bbls. Flour (Brown's Consignment) @ \$7.25 = \$1268.75.

"

JACKSON & BRO. Dr. To BROWN & Co.'s Consignment \$1268.75.
The consignment is credited because it has produced value in the indebtedness of JACKSON & BRO.

June 9

Sold L. O. PEPPER & SON, for cash :—
75 bbls. Flour (Brown's Consignment) @ \$7.00 = \$525.

"

Cash Dr. To Brown's Consignment, \$525.
The consignment is credited because it has produced value in cash.

"

Closed BROWN & Co.'s Consignment and rendered the following Account Sales.

1894				
June	5	Sold 250 bbls. @ \$7 Cash.		81750
"	6	" 175 " " \$7.25 on 3 mos.		1268 75

		234 37	5606 06			3543 75	134268.75	
						234 37	5606 06	
						3309 38	128662 69	

The closing transaction of the consignment is journalized as follows:—

BROWN & Co.'s Consignment Dr. To Sundries \$3,468.75.

Guaranty and Commission	144.57
Storage	15
John Brown & Co.	3309.38

Guaranty, Commission and Storage being in your favor are credited. John Brown & Co. are credited for their net proceeds. The consignment is debited to you for the commission, etc. It is debited to John Brown & Co., in order to close the account. The goods of the consignment being sold, the account is closed by transferring the difference between the sides to the consignor's account. If you had remitted cash to John Brown & Co., you would have credited cash for \$3309.38.

The method of journalizing consignments being always the same, it will not be necessary to renew the explanations in the text. To find the net proceeds of the consignor, add up all the expenses—freight, storage, commission, guaranty, drayage, coöperage, and subtract these expenses from the total sales.

SHIPMENTS.

Debit the shipment for its cost ; credit it for its proceeds.

Shipped JOHN BROWN & Co., Sherbrooke, to be sold on our account and risk, 500 bbls. Flour, invoiced at \$6 ; paid freight in cash \$25.

JOURNAL ENTRY.

Shipment to Sherbrooke, Dr. To Sundries \$3025.

Mdse.	3000
Cash	25

The shipment has cost you value, and is debited.

Received an account sales from JOHN BROWN & Co., Sherbrooke, of the flour shipped them. Our net proceeds are \$3800.

When the shipment was made, we debited it for its cost; now that it produces value we must credit it. The Journal entry of the transaction is:—

JOHN BROWN & Co. Dr.

To Shipment to Sherbrooke.

John Brown & Co. are debited because they owe us \$3800; had they remitted us cash for our net proceeds we would have debited cash.

The shipment is debited \$3025, and credited \$3800; the difference between the two sides shows our gain. Shipments, therefore, close into the Loss and Gain Account.

FREIGHT BILL.

<hr/>				
CASH			
	<i>To Merchandise</i>		
<hr/>				
MERCHANDISE			
	<i>To Wellman's Consignment</i>		
The bbls. that you take to your possession become for you Mdse. ; hence Mdse. must be debited. Wellman's Consignment must be credited for the value it produces.				
It may be objected to a transaction of this kind, that an agent has no right to buy for himself property intrusted to him for sale, as his interest is opposed to that of his principal, his interest requiring that the property be bought at the lowest price possible, while that of the principal requires that it be sold at the highest rate possible. The objection would be valid were the agent himself to fix the prices ; in our transaction we give the market value, the price that any merchant would have paid for the goods.

JOURNAL—(Set V.)
ARCTABASKA, Que., JUNE 13, 1904.

W. WELLMAN'S CONSIGNMENT,	To Commissio " Storage " Cash
Cash is credited because it is paid out. Instead of placing Wellman's net proceeds to his credit, you paid him cash.			
16			
J. LEBLANC,	<i>To Cash</i>	1954 38	\$1954 38
LeBlanc's draft is an order on you to pay to another party the money you owe him. In paying the draft, you pay LeBlanc, who must therefore be debited.			
16			
Interest or Discount College Bank	<i>To S. Gauthier</i>
Gauthier is credited because you sell the debt you hold against him. The draft which you make is held against him by the bank. Should he refuse to pay it at maturity, the Bank will return it to you, and Gauthier will owe you as before the draft was drawn.			
16			
GEO. HEBERT	<i>To Shipment to Acton.</i>		
Geo. Hébert is debited because he has not remitted you the net proceeds of your shipment to Acton. The shipment is credited because it has produced value.			
17			
Discount W. G. Hall	<i>To G. Hébert.</i>	6 66 1344	1350 75
Hébert is credited because he no longer owes you. The draft orders him to pay Hall. Hall is debited because you cancel your debt or a portion of it, by ordering Hébert to pay him. But you do not count the draft for its face value, but for its real value. You therefore lose the interest on it for 30 days. Hence discount, being against you, must be debited.			

JOURNAL—(Set V.)

LOSS AND GAIN	To Cash
		
This transaction could have been journalized Expense Dr. To Cash ; but as Expense closes into Loss & Gain, it is just as well to make Loss & Gain Dr.			

As June and July present the same business, the posting will be made to the same Ledger. Give the Partners' accounts 17 lines or half a page each; Cash, 1 page; Bills Receivable, 15 lines; Bills Payable, 15; E. Barnes, 9; Mdse, 1 page; Walker, 3 lines; Ship't to Albany, 5; Leblanc's Con. 7; Edwards, 6; Int. and Disc., 18; Ship't to Acton 4; Wellman's Con.,; Loss and Gain, 30; C. Bank, 25; Gauthier, 6; Storage, 16; Commission & Gua, 15; J. Leblanc, 5; Ship't to Liverpool, 3; Hall, 7; Hébert, 3; Mason & Co's Con., 6; A. Royal, 8; H. Lapointe, 3; J. Mason & Co., 5; Green, 10; Vallière's Con., 6; Ship't to Stanford, 5; E. Johnson, 3; H. Vallière, 3; Ship't to Ottawa, 4; A. Gagnon, 4; Barnes' Con., 5; Mercier, 3; Aston's Con., 5.

When an account becomes crowded out, it is closed and transferred to another page. In the case of Mdse and other accounts that show a loss or a gain, the sums of debits and credits may be carried to the new page.

If desired, the posting may be made up to June 16 exclusively and the accounts closed, at least those showing a loss or a gain together with the proprietors' accounts.

At that stage of the business the inventories will be the following: Merchandise, \$6000; Shipment to Acton, \$1050; Shipment to Liverpool, \$2550.—Here is presented the:

LOSS AND GAIN ACCOUNT FOR JUNE 14.

	Losses.	Gains.
Merchandise		222 25
Ship't to Albany		260
Interest & Disc.		7 07
Storage		27
Comm & Guaranty		192 67
College Student	354 51	
J. W. Smith	354 50	
	709 01	709 01

In case the gain was found on June 14, we now give the result at the end of the month.

Inventory of Mdse, \$3000.

Each partner undergoes a loss of \$1701.96.

The resources and liabilities are given in the next Balance account.

If accounts are closed only at the end of the month, your Trial Balance, Loss and Gain, and Balance accts should agree with the following.

LETTER BOOK.

Messrs. Student & Smith,
Arthabaska, Que.

Montreal, June 1, 1904.

Dear Sirs,—

Enclosed you will find Invoice of 300 bbls. Superfine Flour, shipped you to-day, per G. T. R.R.

My former dealings with Mr. J. W. Smith render it unnecessary for me to give any instructions regarding the sales. I rely upon your judgment, and hope that I will have no reason to regret having done so.

Very respectfully yours,

Joseph LeBlanc.

Joseph LeBlanc,
750-754 St. Paul St.,
Montreal,

Arthabaska, June 10, 1904.

Dear Sir,—

Please find enclosed an Account Sales of the 300 bbls. of Flour you shipped us on the 1st inst.

Your net proceeds, \$154.38, have been placed to your credit.

Hoping that the result will prove satisfactory, and that you will continue to favor us with your patronage, we are,

Yours very respectfully,

Student & Smith.

Messrs. Student & Smith,
Arthabaska, Que.

Warwick, Que., June 6, 1904.

Dear Sirs,—

I ship you to-day, per G. T. R. R., 400 bbls.

Apples, to be sold on my %.

Please effect sales as soon as possible, and oblige,

Yours very respectfully,

W. Wellman.

W. Wellman,
Warwick, Que.

Arthabaska, June 13, 1904.

Dear Sir,—

By enclosed Account Sales, your net proceeds of the sales of the 400 bbls. Apples you shipped us on the 6th inst are \$1024.56, for which amount we send you a check on the Molson's Bank of Arthabaska.

Please acknowledge receipt, and oblige,

Yours very truly,

Student & Smith.

Messrs. Student & Smith,
10, 12 14, 16 College St.,
Arthabaska, Que.

St. Hyacinthe, June 18, 1904.

Gentlemen,—

Your favor of the 15th inst. to hand, and contents noted. Your conditions being considered very fair, we ship you

to-day 400 bbls. Flour, to be sold on our 7%. In effecting sales, do not give credit for a longer period than 60 days. In keeping us advised of the sales, you will confer a favor on

Yours very sincerely,

John Mason & Co.

Messrs. Mason & Co.,

Arthabaska, June 24, 1904

St. Hyacinthe, Que.

Dear Sirs,—

Enclosed please find an Account Sales of the 400 bbls. Flour you recently shipped us. We trust that you will be pleased with our promptness in selling the goods. Your net proceeds are \$2587.38, and have been placed to your credit. Soliciting further patronage, we beg to subscribe ourselves,

Very respectfully yours,

Student & Smith.

PRACTICE SETS FOR JULY.

The Practice Sets for July are a continuation of the business of June, the transactions forming a two months' set.

The books to be written upon are the Day Book, Journal, Ledger, Bill Book, Commission Sales Book, and Letter Book. Make an Account Sales for every consignment, and find by equation the day on which the proceeds are due.

(Set VI)-

Commission Business.—Continued.

MERCHANDISE COMPANIES.

A MERCHANDISE COMPANY is an association of two or more persons who join together for the sale of merchandise through a consignee who is also a partner in the transaction.

When the consignee belongs to two or more such companies, he designates each by some title that will distinguish it from the others.

The *first company* formed may be called MDSE. Co. A., the *second* MDSE Co. B.

The accounts of *Merchandise Companies* are kept in different ways; all, however, show the same final result.

Two methods will now be shown:—

FIRST METHOD.—By the *first Method* the consignee debits the *Mdse. Co.* for the *Invoice price and for the charges that he pays on the goods.* If there are two partners—the consignor and himself—he gives the consignor *credit for the full Invoice*; if there are three partners, he credits the consignor for *two-thirds of the invoice* and the third partner for *one third.* In closing the *Mdse. Co.* each partner is *credited for his share of the gain, or debited for his share of the loss.*

This method of opening and closing Merchandise Companies is now illustrated by the following transactions:—

ARTHIABASKA, Que., AUGUST 1, 1904.

MDSE Co. A. Dr		631 25	
To Storage,	Our charge for keeping the goods		10
" Commission,	" " selling " "		142 69
" Guaranty,	For responsibility assumed on		
	credit sales		115 69
" John Brown,	His $\frac{1}{2}$ net gain		181 43
" Loss and Gain, Our $\frac{1}{2}$ net gain			181 44

If there were three partners in Mdse. Co. A., the opening and closing entries of the account would be :—

MDSE. Co. A. Dr.		\$4125	
To John Brown,	His $\frac{1}{3}$ and our $\frac{1}{3}$ Invoice		\$2666 34
" Geo. Jones (third partner),	His $\frac{1}{3}$ Invoice		1333 33
" Cash,	Paid freight		125
10			
MDSE. Co. A. Dr.		Closed Co. A. and rendered	
		Account Sales	
		631 25	
To Storage,			10
" Commission,			142 69
" Guaranty,			115 69
" John Brown,	His $\frac{1}{3}$ net gain		120 96
" Geo. Jones,	" " "		120 96
" Loss and Gain,	Our " "		120 96

TO FIND THE GAIN :—From the total sales subtract the total charges. The charges include Invoice, Freight, Storage, Commission, Guaranty.

TO FIND EACH PARTNER'S GAIN :—Divide the net gain by the number of partners in the company.

Let us now suppose that the Flour of Mdse. Co. A. was invoiced @ \$10 instead of \$8 per bbl., and that it was sold for the amount already recorded. In this case there would be a loss of \$637.13.

If there are three partners, the opening entry of the account will be :—

MDSE. Co. A. Dr.		5125	
To John Brown,	His $\frac{1}{3}$ and our $\frac{1}{3}$ Invoice		3333 34
" Geo. Jones,	His $\frac{1}{3}$ Invoice		1666 66
" Cash,	Paid freight		125
The Closing Entry will be :—			
MDSE. Co. A. Dr.		268 38	
To Storage			10
" Commission			142 69
" Guaranty			115 69
" —————			
John Brown,	His $\frac{1}{3}$ loss	212 37	
Geo. Jones,	" " "	212 38	
Loss and Gain,	Our $\frac{1}{3}$ "	212 38	
To Mdse. Co. A.	To close account		637 13
OR			
John Brown,	His $\frac{1}{3}$ net loss	212 37	
Geo. Jones	" " "	212 38	
Loss and Gain,	Our $\frac{1}{3}$ "	212 38	
To Storage,			10
" Commission,			142 69
" Guaranty,			115 69
" Mdse. Co. A.,	To close account		368 75

To close a Merchandise Company when there has been a loss, debit the company for our additional charges, and credit it for the entire loss.

OR

Instead of debiting and crediting the company, we may credit it for the difference between the entire loss and our additional charges.

SECOND METHOD.—By the second method the consignee debits the Mdse. Co. for his share of the invoice and for the charges he pays on the goods. He credits the company for the sales. In closing the accounts of the Company, he debits it to the additional charges, to the consignor for his share of the net proceeds, and to the third partner (if any) for his share of the net proceeds, and to Loss and Gain, if there has been a gain, for his share of the gain.

To illustrate this method we will make use of the transactions of the preceding example.—

OPENING ENTRY.			
Mdse. Co. A. Dr.		\$2125	
To John Brown,	For our share of Invoice		\$2000
" Cash,	Paid freight		125
<i>Closing Entry when there has been a gain.</i>			
Mdse. Co. A. Dr.		2631 25	
To Storage,			10
" Commission,			142 69
" Guaranty,			115 69
" John Brown,	His $\frac{1}{2}$ net proceeds		2181 43
" Loss and Gain,	Our $\frac{1}{2}$ gain		181 44
<i>Closing Entry when there has been a loss.</i>			
Mdse. Co. A. Dr.		1949 82	
To Storage			10
" Commission			142 69
" Guaranty			115 69
" John Brown	$\frac{1}{2}$ Invoice less $\frac{1}{2}$ loss		1681 44
Loss and Gain Dr.		318 56	
To Mdse. Co. A.	To close account		318 56
OR			
Mdse. Co. A.	To close account	1631 26	
Loss & Gain,	Our $\frac{1}{2}$ net loss	318 56	
To Storage,			10
" Commission,			142 69
" Guaranty,			115 69
" John Brown,	His net proceeds		1681 44

Instead of debiting Mdse. Co. A for \$1949.82, and crediting it for \$318.56, we may debit it for the difference of these amounts, as shown above.

TO FIND THE PROCEEDS:—Add together the charges for freight, storage, commission, etc., and subtract the amount from the total sales.

TO FIND EACH PARTNER'S NET PROCEEDS:—Divide the proceeds by the number of partners.

TO FIND YOUR GAIN: Subtract your share of the Invoice from your net proceeds.

TO FIND YOUR LOSS:—Subtract your net proceeds from your share of the Invoice.

We have now seen how the consignee keeps the Accounts of Merchandise Companies; it remains for us to examine the Accounts of the Consignor.

Here also we will find different methods.

FIRST METHOD.—By the first method the consignor debits the consignee for the entire cost of the goods shipped if there are two partners; if there are three partners, the consignee is debited for two thirds of the entire cost, and the third partner for one third.

On receiving an Account Sales, if there has been a gain, he debits the consignee for his share of the gain; if there has been a loss, the consignee is credited by "Loss & Gain."

This method will be understood by the following transactions.

ARTHABASKA, AUGUST 1, 1904.

JOHN BROWN Dr.	Shipped him to be sold on our joint %, each $\frac{1}{2}$.	\$3750	\$3600
To Mdse.	600 bbls. Flour @ \$6.		150
" Cash	Paid freight		
	15		
JOHN BROWN Dr.	Rec'd. from him an Account Sales of the Mdse. shipped him on the 1st inst. Our $\frac{1}{2}$ net gain is \$275.		
To Loss & Gain		275	275
If we suppose that we lost \$275 instead of gaining that amount, the Journal would read:			
Loss & GAIN Dr.		275	
To JOHN BROWN			275

SECOND METHOD.—By the *second method*, the consignor debits the consignee for his share of the entire cost, the third partner for his share, and Shipmelt Co. for his own share. When an Account Sales is received, he debits the consignee to Shipment Co. for his share of the net proceeds.

Of course, if cash is remitted with the Account Sales, cash must be debited and not the consignee.

According to this method, the Journal entry of the shipment of the 600 bbls. of Flour would be :

John Brown,	For his $\frac{1}{3}$ entire cost, $\frac{1}{2}$ Invoice	\$1875	
	and $\frac{1}{2}$ freight		
Shipment Co. 1, Dr.	For our $\frac{1}{3}$ entire cost, $\frac{1}{2}$ Invoice	1875	
	and $\frac{1}{2}$ freight		
To Mdse.			\$3600
" Cash			150
If in the Account Sales your net proceeds are said to be \$2100, the Journal entry will be :—			
JOHN BROWN Dr.		2100	
	To Shipment Co. 1		2100
If we suppose a third partner, G. Jones, the Journal entry will be :—			
John Brown,	For his $\frac{1}{3}$	1250	
Geo. Jones,	" "	1250	
Shipment Co. 1, Dr.	" our $\frac{1}{3}$	1250	
To Mdse,			3600
" Cash			150

INSTRUCTIONS FOR THE SIXTH SET.

The JOURNAL DAY BOOK will be employed in this Set.

The *Journal Day Book* is a form of Journal, combining with it the essential facts generally given in the Day Book, thus making one book answer the purpose of both a Day Book and Journal.

CASH BOOK

The CASH BOOK is also introduced in this Set. The explanations given about the Cash Account will apply also to the Cash Book.

CASH is debited when it is received, and credited when it is paid out, and the difference between the two sides must show the exact amount of cash on hand. It is unnecessary to say that the Cr. side of cash account must not be greater than the Cr. side; *you cannot pay out more than you receive.*

In the case of discounted notes enter their face as Cash received or paid and correct the surplus by an entry on the opposite side. See entries for Aug. 6, 12, 18.

Our CASH BOOK will be supplementary to the *Journal*. All transactions involving cash receipts or disbursements must be entered in the CASH BOOK; all other transactions are entered in the *Journal*.

In this Set, no *Bank Account* will be kept in the Ledger. When you deposit cash, mark the amount in your Check Book ; when you pay an account per check, enter the amount on the creditor side of your Cash Book, and in your Check Book deduct it from the amount you had on deposit before making the payment.

It is not necessary that the Journal entries of this Set be explained to you. If you have carefully studied the explanations given in the preceding sets, you will have no difficulty in journalizing the transactions for August and September.

THE MERCHANDISE COMPANIES and SHIPMENT COMPANIES of August are to be treated by the *First Method* ; those of September by the *Second Method*.

Set VI.

JOURNAL DAY BOOK

ARTHABASKA, AUGUST 1, 1894.

College Student and J. W. Smith begin business this day with the following Resources and Liabilities :

To J. B. Johnson & Co.,	300 bbls. Apples at \$3.75, \$1125		2125

Continue to write in this form the transactions of August and September. Remember that all transactions showing cash receipts or disbursements must be entered in the Cash Book. When all the transactions are entered, you may post from the different books. However, if you wish to have the dates in their proper order, it will be necessary to post each transaction as it occurs. See at the end of August for number of lines in Ledger.

MEMORANDA.—PART I.

AUGUST 1.—College Student and J. W. Smith begin business this day with the following resources and liabilities:

College Student invests Cash \$8000; Merchandise, \$6000; J. Black owes him on %, \$2500. College Student owes a note in favor of Porter & Co., dated July 1, @ 2 mos., and endorsed by Geo. Jacobs, \$1500. (" J. W. Smith invests Cash \$5000; Store No. 50 Court St., \$7000; Mdse, \$5000; a note against H. Minor, dated July 3, @ 4 mos., endorsed by J. H. Blair, \$1500; J. W. Smith owes Wm Grant on % \$3500. 2. Deposited in College Bank, \$5000. 3 Sold S. B. Benton, 20 bbls. Beef @ \$12.—; 5 bbls. Mess Pork @ \$15.—; 7 bbls. Madeira Wine, 308 gallons @ \$2.—; Received in part payment his order on Wm. Barker for \$315; cash for the balance—. 4. Received from J. B. Carter, Somerset, to be sold on his % and risk, 400 bbls. Beef; 200 bbls. Mess Pork. Paid freight per check, \$150. (" Sold Wm. Robinson on %, @ 60

days, 150 bbls. Beef (Carter's Consig't.), @ \$15 — ; 125 bbls. Flour, from store, @ \$6.50 —. 5. Received from F. Powell, St. Thomas, to be sold on his and our joint %, each $\frac{1}{2}$, 3000 bushels Wheat, invoiced at 75c. ; 1500 bushels Oats @ 48c. Paid freight on same in cash, \$75. (Mdse. Co. A.). (") Sold J. Hubert for cash, 200 bbls. Mess Pork (Carter's Consig't.) @ \$14, —. 6. Drew a draft @ 10 days on J. Black for \$1800, and remitted it to Wm. Grant on %. (") Prepaid Student's note, favor of Porter & Co., less discount for unexpired time. Face of note — ; discount allowed us for — days — ; gave check on College Bank for the proceeds —. 7. Sold Wm. Robinson on %, @ 60 days, 250 bbls. Beef (Carter's Consig't.), @ \$14.75 —. (") Closed J. B. Carter's consignment and rendered him an % sales. Our charges for Storage, \$15 ; commission @ 5 % on sales — , guaranty on credit sales —. J. B. Carter's net proceeds due by equation —. (*Make the account sales, and find by equation when the proceeds are due.*) 9. Sold J. Black, for cash, 1000 bush. Wheat (Mdse. Co. A.) @ 84c. — ; 750 bush. Oats (Co. A.) @ 58c. — ; 200 bbls. Flour, from store, @ \$6.75 —. 10. Shipped per G. T. R.R. and consigned to C. Atmore, St. Lin, to be sold on our joint % and risk, each $\frac{1}{2}$, 300 bbls. Flour from store @ \$6 ; 200 bbls. Sugar, bought of L. Pepin on our note @ 90 days @ \$11. Paid freight in cash \$150. (") Received from J. B. Johnson & Co, Montreal, to be sold on our joint % and risk, each $\frac{1}{2}$, 200 bbls. Cornmeal @ \$5 ; 300 bbls. Apples @ \$3.75. Paid freight on same in cash, \$125.25. 11. Sold G. W. Blair, 1000 bushels Wheat (Co. A.) @ 90c. — ; 750 bushels Oats (Co. A.) @ 60 $\frac{3}{4}$ c. Rec'd. in payment, Wm. Grant's order on us for \$755 ; cash to balance —. 12. H. Minor has this day prepaid the note held against him by J. W. Smith, less discount allowed him for unexpired time. Face of note —. Discount allowed him for — days ; received cash for the proceeds —. 14. Sold J. Goodrich & Co., for cash, 1000 bush. Wheat (Co. A.) @ 90c. —. (") Closed Mdse. Co. A, and rendered F. Powell an Account Sales. Our charge for storage, \$15 ; our commission on sales @ 5 % —. F. Powell's $\frac{1}{2}$ net gain ; our $\frac{1}{2}$ net gain —.

Inventories : Mdse, \$5000 ; Real Estate, \$7000 ; Mdse. Co. B. \$2250. —. Cash on hand, \$20026.69. Student's net loss, \$16.78 ; Smith's, \$16.77. [Close their accounts and others that close into Loss and Gain. Rule up accounts that balance.

MEMORANDA—PART II

Aug. 15.—Remitted F. Powell cash in full of % —. (") Received an account Sales, from C. Atmore, St. Lin, of the goods shipped him to be sold on our joint %. Our $\frac{1}{2}$ net gain is \$225. 16. Sold John Mason 200 bbls. Cornmeal (Co. B.) @ \$6 ; 125 bbls. Apples (Co. B.) @ \$3.50 ; 75 bbls. Pork, from store, @ \$13. Received in payment Wm. Grant's order on us for \$945 ; cash, \$800 ; his note @ 5 days for the balance —. (") Accepted J. B. Carter's draft on us @ 15 days, favor R. Howe & Co., \$1500. 17. Sold John Green on % @ 10 days, 75 bbls. Apples (Co. B.) @ \$3.75. 18. Prepaid our note of the 10th, favor L. Pepin, less discount for unexpired time. Face of note — ; discount allowed us for — days —. Paid the proceeds in cash —. (") Received cash of C. Atmore in full of % —. 19. Sold Wm. Robinson on % @ 10 days, 100 bbls. Apples (Co. B.) @ \$3.75. (") Closed Mdse. Co. B. and rendered J. B. Johnson & Co. an Account Sales. Our charges for storage, \$15 ; commission on sales @ 5 % —. Guaranty on credit sales @ 5 % — ; J. B. Johnson & Co.'s $\frac{1}{2}$ net loss — ; our $\frac{1}{2}$ net loss —.

20. Sold Reynolds & Co., merchandise for \$524.50 : received in payment a note @ 90 days, made in their favor by Ely & Co., \$375 ; cash for the balance —. 21. Sold John Green on %, 50 bbls. Mess Pork @ \$18 ——. 22. Received of Homer & Co., St. John, to be sold on joint % of themselves, W. LeBlanc, and ourselves, each $\frac{1}{3}$. (Co. C.) 500 bbls. Sugar @ \$9 —— ; 225 bbls. Flour @ \$4.75 ——. Paid freight on same in cash, \$200. 23. Shipped J. Fallstaff & Co., Sarnia, to be sold on joint % of themselves, C. Jones, and ourselves, each $\frac{1}{3}$, 2000 bush. Potatoes @ 40c. ; 300 bush. Beans @ \$1.50. 400 bales Hay @ \$2.25 ——. Paid freight in cash \$40. 24. Sold Wm. Grant on % @ 60 days, 500 bbls. Sugar (Co. C.) @ \$10.50 ——. (") Received cash of John Mason for his note of the 16th ——. 26. Sold W. Boswell, for cash, 225 bbls. Flour (Co. C.) @ \$6 ——. (") Closed Mdse. Co. C. and rendered Homer & Co. and W. LeBlanc an Account Sales. Our charge for storage, \$10 ; commission @ 5% on sales —— ; Homer & Co.'s $\frac{1}{3}$ net gain —— W. LeBlanc's $\frac{1}{3}$ net gain —— our $\frac{1}{3}$ net gain ——. 27. Received cash of John Green on % \$281.25. (") Accepted J. B. Carter's draft on us @ 15 days sight, favor W. L. Dupuis, \$3560. 29. Received cash of W. Robinson on %, \$375. 31. Received an Account Sales from J. Fallstaff & Co., Sarnia, of the goods shipped them on the 23rd to be sold on % of themselves, C. Jones, and ourselves. Our $\frac{1}{3}$ net loss \$178.65. (") Paid sundry expenses in cash, \$245.

Number of lines for Ledger : Student & Smith, $\frac{1}{2}$ page ; Mdse 1 page ; Bills Pay, 12 ; Bills Rec. 6 ; Grant, 6 ; Robinson, 6 ; Storage, 12 ; Comm. & Gua. 12 ; Carter, 8 ; Loss & Gain, 1 page ; Int. & Disc., 12 ; Mdse Companies, 6 ; Other accts, 4 or 5.

A form of Bank-Book is here exhibited.

BANK-BOOK.

The Bank-Book is a small memorandum book given by Banks to depositors. The deposits are entered into this book by the receiving teller at the time the deposit is made. When required, the checks drawn are also entered, thus showing the balance in the bank.

COLLEGE BANK IN ACCT. WITH STUDENT & Co.

DATE.	DR.	CR.	BALANCE.

CHECK BOOK

The Check Book is a book of blank checks, with a margin for entering the No., date, and amount of each check drawn, with the name of the payee, why given etc.

When the check is filled, it is torn off and given to the payee.

By adding all sums deposited, and deducting all sums withdrawn, or checks paid, the amount of money in the Bank to your credit can be readily had.

SET VII.

JOURNAL, SALES BOOK, CASH BOOK, CHECK BOOK
BILL BOOK, LEDGER.

INSTRUCTIONS FOR SET VII.

In this Set the SALES BOOK, the JOURNAL DAY BOOK, the CASH BOOK, and the LEDGER are used as principal books.

The SALES BOOK contains a record of the sales of Merchandise, whether the sale has been for cash or on time.

The transactions of this Set are those forming the business of April. The Sales Book, the Journal Day-Book, the Cash Book, Bill Book are made out in full; the Check Book is partly made out. The different books thus made will serve you as models for writing up the practice sets for May, April, and May.

ARTHBASKA, Que., OCTOBER 1, 1904.

SET VIII.

SPECIAL COLUMN JOURNAL

The SPECIAL COLUMN JOURNAL is a Journal provided with special columns for those items that occur most frequently.

The Journal given in the set consists of six columns. As thus arranged it takes the place of a CASH BOOK, a SALES BOOK, a DAY BOOK and an INVOICE BOOK.

In posting Cash and Merchandise carry the total amounts to the Ledger; the items placed in the columns marked "Sundries" must be posted as from an ordinary journal.

As soon as you have written a page, prove your work; the amounts of the items in the Dr. columns must be the same as the amounts in the Cr. columns.

ARTHBANKA, DEC. 1, 1904.

PART II.

Single Entry Book-keeping.

In our Study of **DOUBLE ENTRY BOOK-KEEPING**, we have seen that every transaction is entered into at least two accounts ; in one account there is a debit entry ; in another, there is a credit entry. Accounts are opened with every species of property, and with persons. In *Book-keeping by Double Entry*, accounts are kept with property as well as with persons.

In *Single Entry Book-keeping*, however, accounts are kept in the Ledger with persons only. Every transaction is recorded to the debit or credit side of a single account.

The following Journalizing personal accounts in Single Entry, and for posting are the same as in Double Entry.

The books used in Single Entry are the **DAY BOOK or JOURNAL**, the **CASH BOOK**, the **LEDGER**, and the **BILL BOOK**.

The **DAY BOOK or JOURNAL** contains a record of every transaction that requires a person be debited or credited. All purchases on account, and all payments on account are entered into this book. It is from this book that the posting is done.

The **CASH BOOK** contains all receipts and payments of cash. The difference between the debtor column and the creditor column must be the exact amount of cash on hand. Of course the amount of the creditor column must be larger than the amount of the debtor column, for we cannot pay out more than we have.

The **LEDGER** contains under a single title all transactions belonging to the same account.

In the **BILL BOOK** are recorded the particulars of the notes that we receive and the notes that we issue.

A **SALES BOOK**, for recording all sales of merchandise ; an **INVOICE BOOK**, for recording all the purchases of merchandise ; a **CHECK BOOK**, for our transactions with the Bank, may also be kept.

Single Entry—Set I.

DAY BOOK OR JOURNAL, CASH BOOK AND LEDGER.

The transactions for this Set will be those of our first set of Double Entry. The three books will be made out in full ; as a further aid, after each transaction will be written the initials of the books into which the transaction must enter.

ARTHBASKA, QUE., CANADA, JANUARY 1, 1905.

College Student begins business this day with the following resources : - Cash, \$1000 (J & C. B.). Mdse., \$2500 (J) *In the J. & L., credit Student \$6.00.* 2. Sold James Brown for cash, 25 bbls. Now that the transactions contained in the Day Book have been posted, you must make a statement of the resources and liabilities to ascertain if there has been a gain or a loss.

The resources consist of the debts due you, the amount of cash on hand, the merchandise in stock, the notes you hold against others, and any property that can produce value. Your liabilities consist of the debts you owe, and the notes others hold against you.

If from the sum of your resources you subtract the sum of your liabilities, the difference will be your *present worth*.

If at the end of the month your business is worth more than at the beginning, *there has been a gain*; if it is worth less, *there has been a loss*.

TO FIND THE GAIN :—*Subtract the net credit from the present worth.*

TO FIND THE LOSS :—*Subtract the present worth from the net credit.*

STATEMENT, JAN. 31, 1905.

Single Entry—Set II.

CASH BOOK, SALES BOOK, INVOICE BOOK, CHECK BOOK, BILL BOOK, JOURNAL AND LEDGER

The transactions composing this set are those of the second set of Double Entry. The books to be written up are the **DAY BOOK**, or **JOURNAL**, the **LEDGER**, the **BILL BOOK**, the **CHECK BOOK**, the **INVOICE BOOK**, the **SALES BOOK**, and the **CASH BOOK**.

The **JOURNAL**, the **LEDGER**, and the **CASH BOOK** were defined in the Set for January.

The **BILL BOOK** contains a record of the notes that we receive from others, and that we give.

The **SALES BOOK** contains a record of the sales of merchandise, whether for cash or on time. All sales on time must be transferred to the Journal; those for cash must be entered in the Cash Book.

The **CHECK BOOK** contains a record of our dealing with the Bank.

The **INVOICE BOOK** contains copies of the invoices of goods bought. All purchases on time must be entered in the Journal; those for cash, in the Cash Book.

The different books are made out in full, and will aid you to write up the books of the practise set. As the Ledger is made in the second set of Double entry, it is not necessary to give it here. It must not be forgotten that a Single Entry Ledger contains only personal accounts; consequently, in your Ledger there will be no accounts for *Cash, Merchandise, Bills Receivable, Bills Payable and Expense*. A Single Entry Ledger does not show all the resources and liabilities of the merchant; A Double Entry does; it also shows the accounts which have produced a gain, and those which have produced a loss.

ARTHABANKA, FEBRUARY 1, 1905.

MEMORANDA.

College Student commenced business this day with the following Resources and Liabilities :—
